

## **NCAA Final Four**

**Tampa, Fla. (March 23, 1999)** — The Hillsborough County Aviation Authority would like to alert Airport users that the arrival of NCAA Final Four attendees between Wednesday and Friday (March 24-26) will significantly impact traffic at Tampa International Airport (TPA).

Buses will be used to transport these NCAA guests to various bay area hotels and will be operating daily on the Red and Blue Baggage Claim curbsides.

To save time and avoid curbside congestion, Airport users picking up passengers are encouraged to use the garage parking facilities, meet your travelers and take them back up to your car in the garage. Luggage carts are available.

Historically, March is TPA's busiest travel month for passenger traffic. Last March, over 42,000 passengers traveled daily through the Airport, not including meeters and greeters. Heavy travel is anticipated; be sure to allow extra time to cover delays or unexpected situations.
