HCAA PLANNING AND DEVELOPMENT

Keith Fleming, Environmental Manager

End of Addendum 4

APPENDIX F
WOMAN AND MINORITY OWNED BUSINESS ENTERPRISE ASSURANCE AND PARTICIPATION

Groundwater Remediation for Corporate General Aviation Phase 2
and Airport Support Area Environmental Remediation Phase 5
Request for Qualifications
August 28, 2009

Participation by certified *W/MBE* firms will be required during the design and construction of this project. The minimum *W/MBE* expectancy for the design phase is 4.18 percent of the design fees. Additionally, the Authority believes that a minimum of 6.06 percent *W/MBE* participation during the construction phase is achievable.

The design-builder will complete and submit the following statement. Failure to complete this statement may be grounds for rejection of your request for qualifications submittal.

- The design-builder assures that it will meet the requirements of the Authority *W/MBE* policy and program and the design-builder will make good faith efforts to subcontract with certified *W/MBEs* at least 4.18% of the dollar value of the design fees under the Agreement and at least 6.06% of the dollar value of the construction costs under the Agreement.

On all request for qualifications submittals for which an expectancy has been established, the Authority shall inform all prime design builder that they will be required to submit *W/MBE* participation information to the Authority as part of their request for qualifications submittal. Failure of a design builder to submit the following *W/MBE* information in their request for qualifications submittal may render the submittal nonresponsive:

1. The names and addresses of *W/MBE* design firms that will participate in the RFQ submittal;
2. A description of the work each named *W/MBE* design firm will perform;
3. The percentage participation by each named *W/MBE* design firm;
4. Written documentation of the design-builder's commitment to use a *W/MBE* design firm whose participation it submits to meet a contract expectancy; and
5. Written confirmation from the *W/MBE* design firm that it will be participating in the contract as provided in the RFQ submittal.
6. A copy of each named *W/MBE* design firm's certification letter from the FLUCP.

A separate letter of intent must be completed for each *W/MBE* design firm.
