SUPPLEMENTAL AGREEMENT

SUPPLEMENTAL AGREEMENT NO. 1
TO FAA AGREEMENT NO. DTFASO-06-L-00124

DESCRIPTION or ADDRESS OF PREMISES:

Various navigational aids are located on-airport at the Tampa International Airport, in Tampa, Florida.

THIS AGREEMENT, made and entered into this date by and between Hillsborough County Aviation hereinafter called the Lessor, and the FEDERAL AVIATION ADMINISTRATION, hereinafter called the Government:

WHEREAS, on November, 8, 2006, the parties entered Agreement No. DTFASO-06-L-00124 for the consideration and purpose more particularly stated in said agreement; and

WHEREAS, said agreement expires on September 30, 2026, and the Government has a continuing need to occupy the leased Premises; and

WHEREAS, the Government desires to extend the term of the agreement for an additional 20-year period, beginning October 1, 2026, through September 30, 2046;

WHEREAS, the parties hereto desire to amend the above Agreement effective as of October 1, 2026.

NOW THEREFORE, these parties for the considerations hereinafter mentioned covenant and agree that the said agreement is amended, as follows:

Amend Article 1. TERMS AND CONDITIONS and replace them with the following:

1. Term (No Cost) 07/2022 6.2.3-1

To have and to hold, for the term commencing on October 1, 2026, and continuing through September 30, 2046.

1.1 FAA Facilities for MOA (09/2021) 6.2.7

The Airport will allow the FAA to construct, operate, and maintain FAA owned navigation, communication and weather aid facilities in areas on the Airport that have been mutually determined and agreed upon. The FAA facilities covered by this Agreement are identified on the most current approved Airport Layout Plan (ALP) and/or other pertinent drawings that are made part of this Agreement by reference and shown on the attached FAA "List of Facilities."

A. Together with a right-of-way for ingress to and egress from the Premises; a right-of-way for establishing and maintaining pole lines or underground lines for extending electrical power and/or telecommunications lines to the Premises; including a right-of-way for subsurface power, communication and/or water lines to the Premises; all rights-of-way to be over the area referred to as Tampa International Airport, to be routed reasonably determined to be the most convenient to the FAA and as not to interfere with Airport operations. The Airport shall have the right to review and comment on plans covering access and utility rights-of-way under this paragraph.

B. This agreement includes the right to grading, conditioning, and installing drainage facilities, seeding the soil of the Premises, and removing all obstructions from the Premises that may constitute a hindrance to the establishment and maintenance of navigational aid systems. The Airport shall have the right to review and comment on plans covering work permitted under this paragraph.

C. The Government shall have the rights to make alterations, attach fixtures, and erect additions, structures or signs, in direct support of the Airport. The Airport shall have the right to review and comment on plans covering work permitted under this paragraph.

Add Attachment A – NDAA Articles 6.9.5, 6.9.5-1 and 6.9.5-2 attached hereto and made a part hereof.

All other terms and conditions of the Agreement shall remain in full force and effect.

Lessor is required to sign this document and return (1) Electronic copy to the issuing office.

IN WITNESS WHEREOF, the parties subscribed their names and date.

ATTACHMENT A

Prohibition on Contracting for Certain Telecommunications and Video Surveillance Services or Equipment (07/2023) 6.9.5

Insert in all real estate contracts. Must be used prior to placing, extending, or renewing any contract or order. Must be used prior to placing a new, superseding, or succeeding lease or extending or renewing any lease.

(a) Definitions. As used in this clause--

Backhaul means intermediate links between the core network, or backbone network, and the small subnetworks at the edge of the network (e.g., connecting cell phones/towers to the core telephone network). Backhaul can be wireless (e.g., microwave) or wired (e.g., fiber optic, coaxial cable, Ethernet).

Covered foreign country means The People's Republic of China.

Covered telecommunications equipment or services means—

(1) Telecommunications equipment produced by Huawei Technologies Company or ZTE Corporation (or any subsidiary or affiliate of such entities);

(2) For the purpose of public safety, security of Government facilities, physical security surveillance of critical infrastructure, and other national security purposes, video surveillance and telecommunications equipment produced by Hytera Communications Corporation, Hangzhou Hikvision Digital Technology Company, or Dahua Technology Company (or any subsidiary or affiliate of such entities);

(3) Telecommunications or video surveillance services provided by such entities or using such equipment; or

(4) Telecommunications or video surveillance equipment or services produced or provided by an entity that the Secretary of Defense, in consultation with the Director of National Intelligence or the Director of the Federal Bureau of Investigation, reasonably believes to be an entity owned or controlled by, or otherwise connected to, the government of a covered foreign country.

Critical technology means—

(1) Defense articles or defense services included on the United States Munitions List set forth in the International Traffic in Arms Regulations under subchapter M of chapter I of title 22, Code of Federal Regulations;

(2) Items included on the Commerce Control List set forth in Supplement No. 1 to part 774 of the Export Administration Regulations under subchapter C of chapter VII of title 15, Code of Federal Regulations, and controlled—

(i) Pursuant to multilateral regimes, including for reasons relating to national security, chemical and biological weapons proliferation, nuclear nonproliferation, or missile technology; or

(ii) For reasons relating to regional stability or surreptitious listening.

(3) Specially designed and prepared nuclear equipment, parts and components, materials, software, and technology covered by part 810 of title 10, Code of Federal Regulations (relating to assistance to foreign atomic energy activities);

(4) Nuclear facilities, equipment, and material covered by part 110 of title 10, Code of Federal Regulations (relating to export and import of nuclear equipment and material);

(5) Select agents and toxins covered by part 331 of title 7, Code of Federal Regulations, part 121 of title 9 of such Code, or part 73 of title 42 of such Code; or

(6) Emerging and foundational technologies controlled pursuant to section 1758 of the Export Control Reform Act of 2018 (50 U.S.C. 4817).

Interconnection arrangements means arrangements governing the physical connection of two or more networks to allow the use of another's network to hand off traffic where it is ultimately delivered (e.g., connection of a customer of telephone provider A to a customer of telephone company B) or sharing data and other information resources.

Reasonable inquiry means an inquiry designed to uncover any information in the entity's possession about the identity of the producer or provider of covered telecommunications equipment or services used by the entity that excludes the need to include an internal or third-party audit.

Roaming means cellular communications services (e.g., voice, video, data) received from a visited network when unable to connect to the facilities of the home network either because signal coverage is too weak or because traffic is too high.

Substantial or essential component means any component necessary for the proper function or performance of a piece of equipment, system, or service.

(b) Prohibition.

(1) Section 889(a)(1)(A) of the John S. McCain National Defense Authorization Act for Fiscal Year 2019 (Pub. L. 115-232) prohibits the head of an executive agency on or after August 13,

2019, from procuring or obtaining, or extending or renewing a contract to procure or obtain, any equipment, system, or service that uses covered telecommunications equipment or services as a substantial or essential component of any system, or as critical technology as part of any system. The Contractor is prohibited from providing to the Government any equipment, system, or service that uses covered telecommunications equipment or services as a substantial or essential component of any system, or as critical technology as part of any system, unless an exception at paragraph (c) of this clause applies or the covered telecommunication equipment or services are covered by a waiver described in AMS T3.8.9C.1.c(5).

(2) Section 889(a)(1)(B) of the John S. McCain National Defense Authorization Act for Fiscal Year 2019 (Pub. L. 115-232) prohibits the head of an executive agency on or after August 13, 2020 from entering into a contract, or extending or renewing a contract, with an entity that uses any equipment, system, or service that uses covered telecommunications equipment or services as a substantial or essential component of any system, or as critical technology as part of any system, unless an exception at paragraph (c) of this clause applies or the covered telecommunication equipment or services are covered by a waiver described in AMS T3.8.9C.1.c(5). This

prohibition applies to an entity that uses covered telecommunications equipment or services, including use not in support of the Government.

(c) Exceptions. This clause does not prohibit contractors from providing—

(1) A service that connects to the facilities of a third-party, such as backhaul, roaming, or interconnection arrangements; or

(2) Telecommunications equipment that cannot route or redirect user data traffic or permit visibility into any user data or packets that such equipment transmits or otherwise handles.

(d) Reporting requirement.

(1) In the event the Contractor identifies covered telecommunications equipment or services used as a substantial or essential component of any system, or as critical technology as part of any system, during contract performance, or the Contractor is notified of such by a subcontractor at any tier or by any other source, the Contractor must report the information in paragraph (d)(2) of this clause to the Contracting Officer, unless elsewhere in this contract are established procedures for reporting the information. For indefinite delivery contracts, the Contractor must report to the Contracting Officer for the indefinite delivery contract and the Contracting Officer(s) for any affected order.

(2) The Contractor must report the following information pursuant to paragraph (d)(1) of this clause:

(i) Within one business day from the date of such identification or notification: The contract number; the order number(s), if applicable; supplier name; supplier unique entity identifier (if known); supplier Commercial and Government Entity (CAGE) code (if known); brand; model number (original equipment manufacturer number, manufacturer part number, or wholesaler number); item description; and any readily available information about mitigation actions undertaken or recommended.

(ii) Within 10 business days of submitting the information in paragraph (d)(2)(i) of this clause: Any further available information about mitigation actions undertaken or recommended. In addition, the Contractor must describe the efforts it undertook to prevent use or submission of covered telecommunications equipment or services, and any additional efforts that will be incorporated to prevent future use or submission of covered telecommunications equipment or services.

(e) Subcontracts. The Contractor must insert the substance of this clause, including this paragraph (e), in all subcontracts and other contractual instruments, including subcontracts for the acquisition of commercial items. Covered Telecommunications Equipment or Services- Representations (09/2021) 6.9.5-1 Insert in all real estate contracts. If the answer to the representation in (c)(1) is “does”, the offeror must also complete the (d)(1) representation under AMS 6.9.5-2 “Representation Regarding Certain Telecommunications and Video Surveillance Services or Equipment”. If the answer to the representation in (c)(2) is “does”, the offeror must also complete the (d)(2) representation under AMS 6.9.5-2 “Representation Regarding Certain Telecommunications and Video Surveillance Services or Equipment”.

(a) Definitions. As used in this provision, “covered telecommunications equipment or services” has the meaning per the "Prohibition on Contracting for Certain Telecommunications and Video Surveillance Services or Equipment" clause in this contract.

(b) Procedures. The offeror must review the list of excluded parties in the System for Award Management (SAM) (<https://www.sam.gov>) for entities excluded from receiving federal awards for covered telecommunications equipment or services.

(c) Representations.

1. The offeror represents that it _____ does, _____ does not provide covered telecommunications equipment or services as part of its offered products or services to the Government in the performance of any contract, subcontract, or other contractual instrument.

2. After conducting a reasonable inquiry for purposes of this representation, the offeror represents that it _____ does, _____ does not use covered telecommunications equipment or services, or any equipment, system, or service that uses telecommunications equipment or services.

Representation Regarding Certain Telecommunications and Video Surveillance Services or Equipment (09/2021) 6.9.5-2 Insert in all real estate contracts, including purchases under the micro-purchase threshold. Must be used in conjunction with AMS Real Property Contracts Clause 6.9.5 Prohibition on Contracting for Certain Telecommunications and Video Surveillance Services or Equipment. NOTE: The offeror must not complete the representation at paragraph (d)(1) in this provision if the offeror has represented that it does not provide covered telecommunications equipment or services as part of its offered products or services to the Government in the performance of any contract, subcontract, or other contractual instrument in the provision "Covered Telecommunications Equipment or Services – Representation" (c)(1). Additionally, The offeror must not complete the representation at paragraph (d)(2) in this provision if the offeror has represented that it does not use covered telecommunications equipment or services, or any equipment, system, or service that uses telecommunications equipment or services in the provision "Covered Telecommunications Equipment or Services – Representation" (c)(2).

PROVISION/CLAUSE:

(a) Definitions. As used in this provision--

Backhaul, covered telecommunications equipment or services, critical technology, interconnection arrangements, reasonable inquiry, roaming, and substantial or essential component have the meanings provided in the clause AMS clause 6.9.5, Prohibition on Contracting for Certain Telecommunications and Video Surveillance Services or Equipment.

(b) Prohibitions.

(1) Section 889(a)(1)(A) of the John S. McCain National Defense Authorization Act for Fiscal Year 2019 (Pub. L. 115-232) prohibits the head of an executive agency on or after August 13, 2019, from procuring or obtaining, or extending or renewing a contract to procure or obtain, any equipment, system, or service that uses covered telecommunications equipment or services as a substantial or essential component of any system, or as critical technology as part of any system.

Nothing in this prohibition will be construed to—

(i) Prohibit the head of the agency from procuring with an entity to provide a service that connects to the facilities of a third-party, such as backhaul, roaming, or interconnection arrangements; or

(ii) Cover telecommunications equipment that cannot route or redirect user data traffic or cannot permit visibility into any user data or packets that such equipment transmits or otherwise handles.

(2) Section 889(a)(1)(B) of the John S. McCain National Defense Authorization Act for Fiscal Year 2019 (Pub. L. 115-232) prohibits the head of an executive agency on or after August 13, 2020 from entering into a contract or renewing a contract with an entity that uses any equipment, system, or service that uses covered telecommunications equipment or services as a substantial or essential part of any system or as critical technology as part of any system. This prohibition applies to any entity that uses covered telecommunications equipment or services, including uses not in support of the Government.

Nothing in this prohibition will be construed to-

(i) Prohibit the head of the agency from procuring with an entity to provide a service that connects to the facilities of a third-party, such as backhaul, roaming, or interconnection arrangements; or

(ii) Cover telecommunications equipment that cannot route or redirect user data traffic or cannot permit visibility into any user data or packets that such equipment transmits or otherwise handles.

(c) Procedures: The offeror must review the list of excluded parties in the System for Award Management (SAM) (<https://www.sam.gov>) for entities excluded from Federal awards for covered telecommunications equipment or services.

(d) Representations.

(1) The Offeror represents that it [] will, [] will not provide covered telecommunications equipment or services to the Government in the performance of any contract, subcontract or other contractual instrument resulting from this solicitation.

(2) After conducting a reasonable inquiry for purposes of this representation, the Offeror represents that that it [] does, [] does not USE covered telecommunications equipment or services, or use any equipment, system, or service that uses covered telecommunications equipment or services. The Offeror must provide the additional disclosure information required at paragraph (e) if the Offeror indicates “does”.

(e) Disclosures. Disclosure for the representation in paragraph (d) (1) of this provision-

If the Offeror has responded “will” in the representation in paragraph (d) (1) of this provision, the Offeror must provide the following information as part of the offer—

(1) For covered equipment

(i) The entity that produced the covered telecommunications equipment (include entity name, unique entity identifier, CAGE code, and whether the entity was the original equipment manufacturer (OEM) or a distributor, if known;

(ii) A description of all covered telecommunications equipment offered (include brand; model number, such as OEM number, manufacturer part number, or wholesaler number; and item description, as applicable); and

(iii) Explanation of the proposed use of covered telecommunications equipment and any factors relevant to determining if such use would be permissible under the prohibition in paragraph (b) (1) of this provision;

(2) For covered services-

(i) If the service is related to item maintenance, a description of all covered telecommunications services offered (include on the item being maintained: brand, model number, such as OEM number, manufacturer part number, or wholesaler number; and item description, as applicable); or

(ii) If not associated with maintenance, the Product Service Code (PSC) of the service being provided; and explanation of the proposed uses of covered telecommunications services and any factors relevant to determining if such use would be permissible under the prohibition in paragraph (b)(1) of this provision.

Disclosure for representation in paragraph (d) (2) of this provision. If the Offeror has responded “does” to paragraph (d)(2) of this provision, the offeror must provide the following information as part of the offer—

(3) For covered equipment

(i) The entity that produced the covered telecommunications equipment (include entity name, unique entity identifier, CAGE code, and whether the entity was the OEM or a distributor, if known);

(ii) A description of all covered telecommunications equipment offered (include brand; model number, such as original equipment manufacturer (OEM) number, manufacturer part number, or wholesaler number; and item description, as applicable); and

(iii) Explanation of the proposed use of covered telecommunications equipment and services and any factors relevant to determining if such use would be permissible under the prohibition in paragraph (b) (2) of this provision.

(4) For covered services-

(i) If the service is related to item maintenance, a description of all covered telecommunications services offered (include on the item being maintained: brand, model number, such as OEM number, manufacturer part number, or wholesaler number; and item description, as applicable); or

(ii) If not associated with maintenance, the Product Service Code (PSC) of the service being provided; and explanation of the proposed uses of covered telecommunications services and any factors relevant to determining if such use would be permissible under the prohibition in paragraph (b)(2) of this provision.
