If you are interested in business opportunities with the Aviation Authority it is recommended that you register with OpenGov. Registration is a simple, online process. One of the primary benefits is the opportunity to receive e-mail notification of Aviation Authority solicitations and contract opportunities.

Online Bid Event is an Invitation to Online Bid, which is made up of two parts: Part 1, Qualification Process and Part 2, Online Bid Event. In Part 1, each Respondent will submit a Response Form that lists all requirements for being deemed qualified to participate in the Online Bid Event. Prior to Part 2, each qualified bidder will be trained on how to participate in the online bid event. During the event, the bidders have the opportunity to lower their prices during a fixed time. At the close of the event, the low bidder receives the award.

Please contact the appropriate Procurement Agent if you have questions regarding a particular solicitation.
