

5.06 Excessive Load

Company hereby agrees that it will use all paved and floor areas as constructed on the Airport and in accordance with the permitted use of such paved areas, and Company will prohibit Company Parties from placing excessive loads on paved or floor areas on the Airport. Company will be responsible for the repair of any paved or floor area damaged by non-conforming usage or excessive loading.

5.07 Sound Level

Company will take all reasonable measures to reduce to a minimum vibrations and noise caused by its operation to any equipment, structure, building or portion of any building located on the Airport, and to keep the sound level of its operation as low as possible.

5.08 Frequency Protection

Should Company install any type of radio transceiver or other wireless communications equipment, Company will provide frequency protection within the aviation airband VHF frequency band and the UHF frequency band in accordance with restrictions promulgated by the FAA in the vicinity of FAA Transmitter or Receiver facilities. Frequency protection will also be provided in other frequency bands operating in the vicinity of Company's equipment. Should interference occur as a result of Company's installation, the Authority reserves the right to shut down Company's installation until appropriate remedies for the interference are made by Company. Such remedies may include, but are not limited to, relocation to another site. The cost of all such efforts to remedy the interference will be solely at Company's expense.

5.09 Flammable Liquids

Company will not keep or store flammable liquids within any covered or enclosed portion of the Airport in excess of Company's working requirements. Any such liquids having a flash point of less than 110 degrees Fahrenheit will be kept and stored in safety containers of a type approved by Underwriters Laboratories.

5.10 Permits and Licenses

Company will obtain and maintain throughout the Term all permits, licenses, or other authorizations required by Applicable Law in connection with the operation of its business at the Airport. Copies of all required permits, certificates, and licenses will be forwarded to the Authority upon request.

5.11 Security Badging

Any Company employee, or any employee of its contractors or agents, that requires unescorted access to the SIDA must be badged with an ID Media by the Authority's ID Badging Department and will be subject to a CHRC and STA. A new or renewed ID Media will not be issued to an individual until the results of the CHRC and STA are

completed and indicate that the applicant has not been convicted of a disqualifying criminal offense. If the CHRC or STA discloses a disqualifying criminal offense, the individual's new or renewed ID Media application will be rejected. The costs of the CHRC and STA will be paid by the Company. These costs are subject to change without notice, and the Company will be responsible for paying any increase in the costs. The Authority reserves the right to collect all costs related to badging at the time badging service is provided. All badged employees of the Company and its contractors or agents must comply with the Authority's regulations regarding the use and display of ID Media. The Authority reserves the right to require renewal of ID Media of the Company's employees, contractors and/or agents at any time. If a Company Party fails to comply with renewal requirements, as directed by the Authority, the existing ID Media privileges of that Company Party may be suspended.

In order to work on Airport property, an employee must have a valid and active ID Media allowing access to that employee's work area. Employees who have their ID Media privileges revoked or suspended may not be escorted on Airport property.

The Company will be assessed liquidated damages of sixty dollars (\$60) for each ID Media that is lost, stolen, unaccounted for or not returned to the Authority at the time of ID Media expiration, employee termination, termination of this Agreement, or upon written request by the Authority. Such liquidated damages will be paid by the Company within fifteen (15) days from the date of invoice. The amount of liquidated damages for failure to return ID Media is subject to change by the CEO without notice, and the Company will be responsible for paying any increase in the liquidated damages.

If any Company employee is terminated or leaves the Company's employment, the Authority must be notified immediately, and the ID Media must be returned to the Authority promptly.

5.12 Signs

- A. Written Approval. Except with the prior written approval of the Authority, which shall not be unreasonably withheld, conditioned, or delayed, Company will not erect, maintain, or display any signs or any advertising at the Airport.
- B. Removal. Upon the expiration or termination of this Agreement, Company will remove, obliterate or paint out, as the Authority may direct, any and all signs and advertising at the Airport and, in connection therewith, will restore the areas of the Airport affected by such signs or advertising to substantially the same conditions as existed at the commencement of the Term. In the event of failure on the part of the Company to remove, obliterate, or paint out each and every sign or advertising and restore the areas of the Airport, the Authority may perform the necessary work, at the expense of the Company, plus an administrative charge.

5.13 Personal Property

Any personal property of Company placed on the Airport will be at the sole risk of Company, and the Authority will not be liable for any loss or damage thereto, irrespective of the cause of such loss or damage, and Company hereby waives all rights of subrogation against or recovery from the Authority for such loss or damage unless such damage or loss is the result of negligence or activity on the Airport by the Authority.

5.14 Surrender of Personal Property

Provided Company is not in default of this Agreement, Company will immediately remove all of its personal property from the Airport on the date of termination. Failure on the part of Company to remove its personal property within ten (10) days after the date of termination will constitute a gratuitous transfer of title thereof to the Authority for whatever lawful disposition is deemed to be in the best interest of the Authority. Any costs incurred by the Authority in the disposition of such personal property will be borne by Company. If Company is in default of any Rent terms of this Agreement, the Authority will have a lien for such Rent upon any personal property found upon the Airport in accordance with Florida Statutes and, in such event, Company will not remove any personal property from the Airport without written approval of the Authority.

ARTICLE 6

OPERATION AND MAINTENANCE OF THE AIRPORT

6.01 Authority's Obligations

- A. The Authority will, with reasonable diligence, prudently develop, improve, and at all times maintain and operate the Airport in a first class manner consistent with airports of similar size with qualified personnel and keep the Airport in an orderly, clean, neat and sanitary condition, and good repair, unless such maintenance, operation, or repair is Company's obligation pursuant to Section 6.02 herein.
- B. The Authority will, to the extent it is legally able so to do, use reasonable efforts to keep the Airport and its aerial approaches free from ground obstruction for the safe and proper use by Company.
- C. The Authority will not be liable to Company for temporary failure to furnish all or any of such services to be provided in accordance with this Section when such failure is due to mechanical breakdown not caused by Authority's negligence or any other cause beyond the reasonable control of Authority.
- D. The Authority will maintain (1) Loading Bridges owned by Authority; (2) preconditioned air systems owned by Authority; (3) associated 400 Hertz units owned by Authority; (4) inbound and outbound baggage handling systems; baggage conveyors owned and installed by Authority when available for Company's use; (5) lightning detection systems; and (6) other systems that may be acquired by Authority in the future.

- E. The Authority will, in the operation of the Airport, comply with all local, State and Federal laws, rules and regulations.

6.02 Company's Obligations

- A. Company will, at all times, preserve and keep the Airport and its facilities in an orderly, clean, neat, and sanitary condition, free from trash and debris resulting from Company's operations.
- B. Company will keep, at its own expense, the Terminal Complex and/or cargo aircraft aprons free of fuel, oil, debris, and other foreign objects.
- C. Company shall place or store Disabled Equipment only in such areas, and upon such terms and conditions, as may be determined by the Authority's Director of Operations or designee. Company shall remove any of its Disabled Equipment from the AOA or common use areas as soon as possible after release from proper authorities, if applicable. In the event Company fails to remove any of its Disabled Equipment within the time frame set by the Authority, the Authority may cause the removal of such Disabled Equipment and bill Company for the costs incurred for removal plus fifteen percent (15%) administrative costs. Company shall pay the Authority within fifteen (15) days of invoice date. Non-payment of such invoice for more than thirty (30) days after invoice date will be deemed a condition of default.
- D. If Company will be servicing an aircraft at a common use gate, Company may stage the GSE necessary to service said aircraft at the common use gate one hour before the arrival of the aircraft it will be servicing and one half hour after the departure of said aircraft. At all other times, Company will store GSE at a staging area designated by the Authority. Reasonable exceptions may be allowed at the sole discretion of the Authority.
- E. If Company will be servicing a Signatory Airline's aircraft at a gate that a Signatory Airline leases from the Authority, with the Signatory Airline's approval, Company may stage GSE at the leased gate without time restriction so long as the GSE is kept in good working order and placed in an attractive and orderly fashion so as not to interfere with other Airport users.
- F. Within thirty (30) days of a change of Company's Customers, Company will send written notice to the Authority detailing the change.
- G. Company will maintain GSE only in areas designated by the Authority for such maintenance.
- H. Should Company fail to perform its material obligations hereunder, the Authority will have the right to perform such activities; provided, however, other than in a case of emergency, the Authority will give Company reasonable advance written notice of non-compliance, not to exceed ten (10) days, prior to the exercise of this right; provided, however, that if the nature of the cure is such that it cannot be reasonably effectuated within ten (10) days, Company will have an additional period with the Authority approval (or, in the alternative,

with an Authority approved schedule) reasonably necessary to effectuate such cure. If the Authority's right to perform such activities is exercised, Company will pay the Authority, upon receipt of invoice, the cost of such services plus ten percent (10%). Nonpayment of such invoice will be deemed a condition of default of this Agreement.

ARTICLE 7 REPORTS AND AUDITS

7.01 Monthly Statements

Within ten (10) days after the close of each calendar month of the Term of this Agreement, Company will submit to the Authority, by electronic portal or other method satisfactory to the Authority, a detailed statement signed by a responsible officer of Company of its Gross Receipts for the preceding month upon which the fees payable to the Authority set forth in this Agreement are computed.

7.02 Books and Records

Company will keep full and accurate books and records showing all of its Gross Receipts. Company agrees that records and instruments will be available to Airport for at least five (5) years after each annual period. If Company utilizes a computerized accounting system, the Authority will be allowed to download information from the system for the purpose of verifying Gross Receipts. In the event Company does not maintain exclusive sequential numbering for invoices commencing at the Airport, Company agrees to provide copies of invoices from other sales locations included in the non-exclusive sequence to the Authority or its auditors for the purposes of testing reporting completeness.

7.03 Annual Statement

No later than sixty (60) days after the end of each Fiscal Year during the Term of this Agreement, Company will provide, at its sole cost and expense, provide an annual certified statement or an annual audit report of monthly Gross Receipts. The annual certified statement or annual audit report will contain a list of the Gross Receipts by month used to compute the Privilege Fees and other payments made to the Authority as shown on the books and records of Company during the period covered by the statement. The first such annual certified statement or annual audit report will cover the period of the Effective Date through the following September 30th (Initial Period). If Initial Period is less than ninety (90) calendar days, no annual certified statement or annual audit report will be required for the Initial Period. Each subsequent annual certified statement or annual audit report will cover the successive twelve (12) month period. The last such annual certified statement or annual audit report will include the last day of Company's operations. The annual certified statement will be certified by the Company's Chief Financial Officer or designee as approved by the Authority when payments to the Authority are less than thirty thousand dollars (\$30,000) annually. The annual audit report will be prepared by a licensed independent certified public accountant

acceptable to the Authority when payments to the Authority are more than thirty thousand dollars (\$30,000) annually. When conducted by an independent certified public accountant, there may be no limitation on the scope of the engagement that would preclude the auditor from expressing an unqualified opinion as to the correctness and completeness of the reported Gross Receipts and Percentage Privilege Fees due and paid. The engagement will be conducted in accordance with generally accepted auditing standards and shall include an opinion on whether the Gross Receipts and Percentage Privilege Fees have been completely and accurately presented, calculated and reported according to the terms of this Agreement. A one hundred dollar (\$100.00) per calendar day penalty may be assessed by the Authority for every day the annual certified statement or annual audit report is late.

Authority reserves the right to challenge any findings or conclusions of the annual audit report if it believes an error may have occurred. In such event, the Authority may conduct its own audit under the provisions in Section 7.04, or may require production of the supporting documentation used to reach the finding or conclusion in question. The resolution by the Authority of any dispute will be final. Delivery of an annual audit report containing a qualified opinion, or an adverse opinion, or a disclaimer of opinion as defined in the Statements on Auditing Standards, as may from time to time be amended or superseded, issued by the Auditing Standards Board of the American Institute of Certified Public Accountants, or any successor board or agency thereto, will be deemed a material breach of this Agreement.

7.04 Authority's Right to Perform Audits, Inspections, or Attestation Engagements

- A. Notwithstanding Company's requirement to submit an annual certified statement or an annual audit report, at any time or times during the term of this Agreement or within five (5) years after the end of this Agreement, the Authority, FAA, Federal Highway Administration, FDOT, FEMA, Florida Auditor General, Florida Inspector General, Florida Chief Financial Officer, and the Comptroller General of the United States, or any duly authorized representative of each (Auditors), have the right to initiate and perform audits, inspections, or attestation engagements. Auditors have the right to review books, records, and contracts of Company and where applicable, all individuals or business entities who are party to this Agreement, to substantiate the accuracy of reported Gross Receipts and Company's compliance with other provisions of this Agreement. This includes, but is not limited to, financial statements, general ledgers, sales journals, daily or periodic summary reports, inventory and purchasing records, cash receipt or computer terminal tapes or reports, bank deposit slips, bank statements, cancelled checks, tax reports/returns filed with State or Federal entities, and joint venture or partnership contracts. Such right of examination shall include cooperation by Company personnel (including, but not limited to, cooperation in sending confirmations to Company's suppliers or others, assisting Auditors in obtaining from governmental entities official copies of tax reports/returns, and disclosing all bank or other accounts into which Gross Receipts are deposited) as reasonably considered necessary by Auditors to complete the engagement. There may be no limitation in the scope of the engagement that would hinder Auditors in testing the accuracy and completeness of the

reported Gross Receipts. All such books, records, and contracts shall be kept for a minimum period of five (5) years upon termination or expiration of this Agreement.

Engagements will be conducted at the Airport. If the records are kept at locations other than the Airport, Company will arrange for said records to be brought to a location convenient to the Auditors or will provide records electronically in a computer-readable format acceptable to the Auditors at no additional cost to conduct the engagement as set forth in this Article. Company shall allow Auditors to photocopy any records the Auditors determine to be necessary to conduct and support the engagement. Company shall not charge Authority for any cost of retrieving, downloading to storage media and/or printing any records or transactions stored in electronic format.

- B. Company agrees to deliver or to provide access to all records requested by the Auditor's within fourteen (14) calendar days of the request at the initiation of the engagement and to deliver or to provide access to all other records requested during the engagement within seven (7) calendar days of each request. The Parties recognize that the Authority will incur additional costs if records requested by the Auditors are not provided in a timely manner and that the amount of those costs are difficult to determine with certainty. Consequently, the Parties agree that Authority may assess liquidated damages in the amount of one hundred dollars (\$100), in addition to all other contractual financial requirements, for each item in a records request, per calendar day, for each time Company is late in submitting requested records to perform the engagement. Accrual of such damages will continue until specific performance is accomplished. These liquidated damages are not an exclusive remedy and the Authority retains its rights, including but not limited to, its rights to elect its remedies and pursue all legal and equitable remedies. The Parties expressly agree that these liquidated damages are not a penalty and represent reasonable estimates of fair compensation for the losses that reasonably may be anticipated from Company's failure to comply.
- C. Auditors have the right during the engagement to interview Company's employees, subconsultants, and subcontractors and to retain copies of any and all records as needed to support Auditor workpapers.
- D. If as a result of any engagement it is determined that Company owes additional fees or other charges to the Authority, Company will pay such additional fees and charges, and the Authority may assess interest up to twelve percent (12%) on the amount due from the date the amount was initially due. If it is established that Company has underreported Gross Receipts or underpaid fees related to Gross Receipts by three percent (3%) or more for the period under review, the entire expense of the engagement may be billed to Company. Any additional payments due shall be paid no later than Company's next payment of the monthly installment of the Privilege Fee, by Company to Authority. If as a result of any engagement, it is established that Company has correctly reported or over reported Gross Receipts or has paid fees related to Gross Receipts equivalent to or greater than the sum due, Company shall be entitled to a credit against Company's next monthly installment of the Privilege Fee for the amount of the overpayment and the entire expense of the engagement shall be paid by the Authority.

- E. Approvals by the Authority's staff of monthly reporting, gross receipts, or other Agreement compliance requirements included in this Agreement do not act as a waiver or limitation of the Auditor's right to perform Engagements.
- F. The Company will notify the Authority no later than seven (7) days after receiving knowledge that it is subject to any other audit, inspection or attestation engagement related to this Agreement and will provide Authority a copy of any audit documents or reports so received.
- G. Company agrees to comply with Section 20.055(5), Florida Statutes, and to incorporate in all subcontracts the obligation to comply with Section 20.055(5), Florida Statutes. Company will include a provision providing Authority the same access to business records at the subconsultant and subcontractor level in all of its subconsultant and subcontractor agreements executed related to this Agreement.

ARTICLE 8
PAYMENTS

For the rights and privileges granted herein, Company agrees to pay the following fees and charges to the Authority, in lawful money of the United States of America, without set off, by check or approved electronic transfer made payable to the Authority. Payment for fees and charges hereunder will be due within fifteen (15) days after the date of the invoice, except as provided herein. Said fees and charges will be deemed delinquent if payment is not received within fifteen (15) days of the stated date of such invoice.

A. Percentage Privilege Fee (PPF)

The PPF is five percent (5%) of Company's monthly Gross Receipts, as defined below, for the previous month as presented in Company's Monthly Statement of Gross Receipts. Company is responsible for paying the PPF amount to the Authority within fifteen (15) days from the date of the Authority's invoice, commencing on the month following the first month of this Agreement.

- B. Company will not modify its accounting treatment or rename or redefine services or products that, under the terms of this Agreement, would be subject to the PPF. Company understands that the Authority does not support the practice of directly transferring Company's obligation for payment of the PPF due herein to Company's Customers. Except as already referenced herein, Company agrees that if such additional charges or fees are collected from Company's Customers for the purpose of collecting the PPF, such fees

will be disclosed to the customer as “Company’s cost of doing business at the Airport” and will not be represented as an Airport tax.

8.02 Annual Reconciliation

Following receipt of Company's annual certified statement or an annual audit report, the Authority will prepare and submit to Company a statement showing the PPF due compared to the PPF previously invoiced by the Authority for the applicable period. If the PPF previously invoiced by the Authority for the applicable period exceeds the PPF calculated on the certified Gross Receipts, the Authority will issue a credit memo indicating that the overpayment will be credited to the fees next thereafter due from Company. If the PPF previously invoiced by the Authority is less than the PPF calculated on the certified Gross Receipts, the Authority will invoice Company for the sums due. Said invoice will be due and payable within fifteen (15) days after the date of the invoice.

8.03 Definition of Gross Receipts

A. Amounts Included

As used herein the term “Gross Receipts” will include the gross revenues from all sales made and services performed for cash, credit or otherwise, pursuant to Company’s operations and solicitations at the Airport, regardless of when or whether paid.

8.04 Diversion of Gross Receipts

Any intentional diversion of Gross Receipts will constitute a breach of contract, and the Authority will have the right to immediately terminate this Agreement upon determination by the Authority or its auditors that an intentional diversion exists or has occurred.

8.05 Collection of Authority Fees and Charges

No later than fifteen (15) days from the date of invoice during the Term hereof, Company will remit to the Authority all fees collected during the preceding month on behalf of the Authority in accordance with this Agreement. During the Term hereof, upon request and on behalf of the Authority, Company will collect all landing fees, terminal facility fees, aircraft parking fees, joint use charges, federal inspection service fees, baggage handling system fees, passenger transfer system fees, terminal support fees and other fees and charges applicable to Company's Customers applicable to Company's Customers, and report such fees monthly, it being agreed that the Authority will pay Company as a collection fee five percent (5%) of all such fees.

8.06 Employee Parking Fees

Employee parking permits are required for the Employee Parking Lot and may be required for Company's leased or common use operational areas. Information regarding employee parking permits is available from the Authority's Parking Permit Office at (813) 870-8792. The Authority reserves the right to charge Company or its employees a reasonable parking fee. If Company is invoiced by the Authority for parking fees, payment is due to the Authority within fifteen (15) days from the date of the invoice, or parking privileges may be terminated.

8.07 Interest on Delinquent Payments

Without waiving any other right or action available to the Authority in the event of default of Company's payment of fees or other charges hereunder, and in the event Company is delinquent in in paying to Authority any fees or other charges for a period of five (5) days after the payment is due, the Authority reserves the right to charge Company interest thereon from the date such fees or other charges became due to the date of payment at one and one-half percent (1.5%) per month, to the maximum extent permitted by Applicable Law.

8.08 Fees and Other Charges a Separate Covenant

Company will not for any reason withhold or reduce its required payments of fees and other charges provided in this Agreement, it being expressly understood and agreed by the Parties that the payment of fees and other charges is a covenant by Company that is independent of the other covenants of the Parties hereunder.

ARTICLE 11
SECURITY FOR PAYMENT

11.01 Payment Security Requirements

- A. Unless Company has maintained an agreement similar to this Agreement with the Authority during the eighteen (18) months prior to the Effective Date without the occurrence of any failure to pay within sixty (60) days or more of the due date under such prior agreement,, Company will provide the Authority on or before the Effective Date of this Agreement with acceptable Payment Security. Company will be obligated to maintain such Payment Security in effect until the expiration of eighteen (18) consecutive months during which Company commits no default under this Agreement. Such Payment Security will be in a form and with a company acceptable to the Authority and licensed to do business in the State of Florida. In the event that any such Payment Security is for a period less than the full period required under this Agreement or if such Payment Security is canceled, Company will provide a renewal or replacement Payment Security for the remaining required period at least sixty (60) days prior to the date of such expiration or cancellation. Such Payment Security will require notice by the surety to the Authority at least sixty (60) days prior to any cancellation. If such renewal or replacement Payment Security is not provided within thirty days prior to cancellation, the Authority may draw upon such Payment Security and hold such funds as Payment Security hereunder.
- B. In the event the Authority is required to draw down or collect against Company's Payment Security for any reason, Company will, within fifteen (15) days after such draw down or collection, take such action as is necessary to replenish the existing Payment Security to an amount equal to three (3) months' estimated fees and charges or provide additional or supplemental Payment Security from another source so that the aggregate of all Payment Security is equal to three (3) months' estimated fees and charges payable by Company pursuant to this Agreement.
- C. In addition to the foregoing, upon the occurrence of any act or omission by Company that would constitute a default under this Agreement, or upon Company's election to assume this Agreement under Federal Bankruptcy Rules and Regulations, as such may be amended, supplemented, or replaced, the Authority, by written notice to Company given at any time within ninety (90) days of the date such event becomes known to the Authority, may impose or re-impose the requirements of this Article upon Company. In such event,

Company will provide the Authority with the required Payment Security within fifteen (15) days from its receipt of such written notice and will thereafter maintain such Payment Security in effect until the expiration of a period of eighteen (18) consecutive months during which Company commits no additional act or omission that would constitute a default under in this Agreement or the termination of bankruptcy proceedings, whichever is later.

- D. If Company fails to obtain and keep in force the Payment Security required hereunder, such failure will be grounds for immediate termination of this Agreement. The Authority's rights under this Article will be in addition to all other rights and remedies provided to the Authority under this Agreement.

11.02 Satisfactory Performance

Subject to the provisions of the Payment Security Requirements Section above, the Payment Security will be returned within ninety (90) days following the expiration of the Term of this Agreement, subject to the satisfactory performance by Company of all terms, conditions, and covenants contained herein.

ARTICLE 12 DEFAULT AND TERMINATION

12.01 Events of Default. The following events will be deemed events of default (each an Event of Default) by Company:

- A. The failure or omission by Company to perform its obligations or make any payment to the Authority as and when due under this Agreement or the breach of any term, condition or covenant required herein.
- B. The conduct of any business or performance of any acts at the Airport not specifically authorized in this Agreement or by any other agreement between the Authority and Company, and Company's failure to discontinue that business or those acts within thirty (30) days of receipt by Company of the Authority's written notice to cease said business or acts.
- C. The appointment of a trustee, custodian, or receiver of all or a substantial portion of Company's assets.

- F. Company's violation of Florida Statute Section 287.133 concerning criminal activity on contracts with public entities.

12.02 Authority's Remedies

In the event of any of the foregoing Events of Default enumerated in this Article, and following thirty (30) days' notice by the Authority and Company's failure to cure, the Authority, at its election, may exercise any one or more of the following options or remedies, the exercise of any of which will not be deemed to preclude the exercise of any other remedy herein listed or otherwise provided by statute or general law:

- A. Terminate Company's rights under this Agreement. Company will remain liable for all payments or other sums due under this Agreement and for all damages suffered by the Authority because of Company's breach of any of the covenants of this Agreement; or
- B. Treat the Agreement as remaining in existence, curing Company's default by performing or paying the obligation that Company has breached. In such event all sums paid or expenses incurred by the Authority directly or indirectly in curing Company's default will become immediately due and payable, as well as interest thereon, from the date such fees or charges became due to the date of payment, at the rate of one and one-half percent (1.5%) per month, to the maximum extent permitted by Applicable Laws; or

No delay, failure, or omission of the Authority to exercise any right, power, privilege, or option, arising from any default, nor subsequent acceptance of fees or charges then or thereafter accrued, will impair any such right, power, privilege, or option, or be construed to be a waiver of any such default. No notice by the Authority will be required to restore or revive time is of the essence hereof after waiver by the Authority or default in one or more instances. No option, right, power, remedy, or privilege of the Authority will be construed as being exhausted or discharged by the exercise thereof in one or more instances. It is agreed that each and all of the rights, powers, options, privileges, or remedies given to the Authority by this Agreement are cumulative and that the exercise of one right, power, option, privilege, or remedy by the Authority will not impair its rights to any other right, power, option, privilege, or remedy available under this Agreement or provided by Applicable Laws.

12.03 Continuing Responsibilities of Company

Notwithstanding the occurrence of any Event of Default, Company will remain liable to the Authority for all payments due hereunder and for all preceding breaches of any covenant of this Agreement. Furthermore, unless Authority

elects to terminate this Agreement, Company will remain liable for and promptly pay any and all payments accruing hereunder until termination of this Agreement.

ARTICLE 13
ASSIGNMENT

No assignment or transfer of this Agreement or rights granted hereunder is permitted.

ARTICLE 14
GOVERNMENT INCLUSION

14.01 Subordination to Federal Agreements

This Agreement is subject and subordinate to all the terms and conditions of any instruments and documents under which the Authority acquired the land or improvements thereon constituting the Airport. This Agreement shall be subject and subordinate to the provisions of any existing or future agreements between the Authority and the United States of America, or any of its agencies, relative to the operation and maintenance of the Airport, the terms and execution of which have been, or may be, required as a condition precedent to the expenditure or reimbursement to the Authority of federal funds for the development of the Airport, and to any terms or conditions imposed upon the Airport by any other governmental entity (Grant Assurances). In the event that this Agreement, either on its own terms or by any other reason, conflicts with or violates any such Grant Assurances, the Authority has the right to amend, alter, or otherwise modify the terms of this Agreement in order to resolve such conflict or violation.

14.02 Federal Government's Emergency Clause

All provisions of this Agreement shall be subordinate to the rights of the United States of America to operate the Airport or any part thereof during time of war or national emergency. Such rights shall supersede any provisions of this Agreement inconsistent with the operations of the Airport by the United States of America.

14.03 Security

Company and Company Parties must comply with (i) the provisions of the Authority's TSA-approved airport security plan for the Airport as from time to time existing, and (ii) applicable regulations of the TSA, as from time to time existing and (iii) security measures required of Company or the Authority by the FAA or TSA. If Company or any of Company's Parties shall fail or refuse to comply with said measures and such non-compliance results in a monetary penalty or other damages being assessed against the Authority, then, in addition to any other terms of this Agreement, Company shall be responsible and shall reimburse the Authority in the full amount of any such monetary penalty or other damages, plus an administrative charge. This amount must be paid by Company within ten (10) days of written notice from the Authority.

ARTICLE 15

FEDERAL RIGHT TO RECLAIM

In the event a United States governmental agency demands and takes over the entire facilities of the Airport for war or national emergency for a period in excess of ninety (90) consecutive days, then this Agreement will terminate and the Authority will be released and fully discharged from any and all liability hereunder. In the event of this termination, Company's obligation to pay fees and charges will cease; however, nothing herein will be construed as relieving either party from any of its liabilities relating to events or claims of any kind whatsoever prior to this termination.

ARTICLE 16

RADON GAS AND OTHER PROPERTY CONDITION NOTIFICATIONS

16.01 Radon Gas

In accordance with requirements of the State of Florida, the following notification statement will be included in all agreements relating to rental of real property. This is provided for information purposes only.

Radon is a naturally occurring radioactive gas that, when it has accumulated in a building in sufficient quantities, may present health risks to persons who are exposed to it over time. Levels of radon that exceed federal and state guidelines have been found in buildings in Florida. Additional information regarding radon and radon testing may be obtained from your county health department.

16.02 Other Property Conditions

Areas of Authority property are impacted by the past release of pollutants that are regulated by FDEP. This is the result of historical airport operations, commercial and industrial activities that occurred prior to property acquisition, or naturally-occurring conditions. FDEP manages the State's site restoration program. FDEP requires site restoration to be commensurate with land use, public health and the environment. These provisions allow low levels

of contaminants to remain in place and run with the land subject to the implementation of required controls including but not limited to property use restrictions, activity and use limitations, institutional controls, or engineering controls. At the Airport, the Authority worked with FDEP to develop Soil and Groundwater Use Regulations that memorialize these controls. The Soil Use Regulation provides a process for the Authority to review and approve in advance all plans for soil excavation or disturbance. The Groundwater Use Regulation restricts drilling for water and requires that buildings used for human occupancy be piped to the public water system. Although the Soil and Groundwater Use Regulations apply to the Airport, the same protections and standards are generally applied at all Authority property including the general aviation airports.

As restoration projects are completed on Authority property, documents and maps are submitted to FDEP. FDEP maintains this information in an information repository that provides a self-service portal called Map Direct that allows map viewing and document download. Areas of Authority property that are undergoing a site restoration project, or have achieved a closed status, can be viewed in Map Direct. The Soil and Groundwater Use Regulations, and links to State radon protection maps and other property condition maps are posted on the Authority website at www.TampaAirport.com > Learn about TPA > Airport Business > Other Business Links – Radon Gas and Other Property Conditions.

ARTICLE 17

AMERICANS WITH DISABILITIES ACT

Company will comply with the applicable requirements of the Americans with Disabilities Act; the Florida Americans with Disabilities Accessibility Implementation Act; Florida Building Code, Florida Accessibility Code for Building Construction; and any similar or successor laws, ordinances, rules, standards, codes, guidelines, and regulations and will cooperate with the Authority concerning the same subject matter.

ARTICLE 18

NON-DISCRIMINATION

18.01 These provisions apply to all work performed under this Agreement. Failure to comply with the terms of these provisions may be sufficient grounds to:

- A. Terminate this Agreement;
- B. Seek suspension/debarment of Company; or
- C. Take any other action determined to be appropriate by Authority or the FAA.

18.02 Civil Rights – General – 49 USC § 47123

Company agrees to observe and comply with those requirements of the FAA set forth in Exhibit B, as such requirements may be amended or interpreted by the FAA or the United States Department of Transportation from time to time.

Company shall comply with pertinent statutes, Executive Orders and such rules as are promulgated to ensure that no person shall, on the grounds of race, creed, color, national origin, sex, age, or disability be excluded from participating in any activity conducted with or benefiting from Federal assistance. If Company transfers its obligation to another, the transferee is obligated in the same manner as Company.

This provision is in addition to that required of Title VI of the Civil Rights Act of 1964.

ARTICLE 19
W/MBE GOAL

19.01 W/MBE Goal

No specific goal for W/MBE participation has been established for this Agreement; however, Company agrees to make a good faith effort, in accordance with Authority W/MBE Policy and Program, throughout the term of this Agreement, to contract with W/MBE firms certified as a woman-owned or minority-owned business by the City of Tampa, Hillsborough County, the State of Florida Department of Management Services, Office of Supplier Diversity, or as a DBE under the FLUCP pursuant to 49 CFR Part 26 in the performance of this Agreement.

19.02 W/MBE Termination and Substitution

Company is prohibited from terminating or altering or changing the scope of work of a W/MBE subcontractor except upon written approval of the Authority in accordance with the Authority procedures relating to W/MBE terminations contained in the W/MBE Policy and Program. Failure to comply with the procedure relating to W/MBE terminations or changes during this Agreement will be a material violation of this Agreement and will invoke the sanctions for non-compliance specified in this Agreement and the W/MBE Policy and Program.

19.03 Monitoring

The Authority will monitor the ongoing good faith efforts of Company in meeting the requirements of this Article. The Authority will have access to the necessary records to examine such information as may be appropriate for the purpose of investigating and determining compliance with this Article, including, but not limited to, records, records of expenditures, agreements between Company and the W/MBE participant, and other records pertaining to W/MBE participation, which Company will maintain for a minimum of three (3) years following the end of this Agreement. Opportunities for W/MBE participation will be reviewed prior to the exercise of any renewal, extension or material amendment of this Agreement to consider whether an adjustment in the W/MBE requirement is warranted. Without

limiting the requirements of this Agreement, the Authority reserves the right to review and approve all sub leases or subcontracts utilized by Company for the achievement of these goals.

19.04 Prompt Payment

Company agrees to pay each subcontractor under this Agreement for satisfactory performance of its agreement no later than ten (10) calendar days from the receipt of each payment that Company receives from the Authority. Company agrees further to release retainage payments to each subcontractor within ten (10) calendar days after the subcontractor's work is satisfactorily completed. Any delay or postponement of payment from the above referenced time frame may occur only for good cause following written approval of the Authority. This clause applies to both W/MBE and non-W/MBE subcontractors.

ARTICLE 20 FAA APPROVAL

This Agreement may be subject to approval of the FAA. If the FAA disapproves this Agreement, it will become null and void, and both Parties will bear their own expenses relative to this Agreement, up to the date of disapproval.

ARTICLE 21 ENVIRONMENTAL

21.01 General Conditions

Notwithstanding any other provisions of this Agreement, and in addition to any and all other requirements of this Agreement or any other covenants, representations, or warranties of Company, Company hereby expressly covenants, warrants, and represents to Authority, in connection with Company's operations on the Airport, the following:

- A. Company is knowledgeable of and agrees to comply with all applicable Federal, State, and local environmental laws, ordinances, rules, regulations, and orders that apply to Company's facilities or operations at the Airport and acknowledges that such environmental laws, ordinances, rules, regulations, and orders change from time to time, and Company agrees to keep informed of any such future changes.
- B. In addition to any and all other requirements of Company to indemnify and hold Authority harmless contained in this Agreement, Company agrees to hold harmless and indemnify Authority for any violation by Company of such applicable Federal, State, and local environmental laws, ordinances, rules, regulations, and orders and for any non-compliance by Company with any permits issued to Company pursuant to such environmental laws, which hold harmless and indemnity will include, but not be limited to, enforcement actions to assess, abate, remediate, undertake corrective measures, and monitor environmental conditions and for any monetary penalties, costs, expenses, or damages, including natural

resource damages, imposed against Company, its employees, invitees, suppliers, or service providers or against Authority by reason of Company's violation or non-compliance.

- C. Company agrees to cooperate with any investigation, audit, or inquiry by Authority or any governmental agency regarding possible violation of any environmental law or regulation upon the Airport.
- D. Company agrees that all remedies of Authority as provided herein with regard to violation of any Federal, State, or local environmental laws, ordinances, rules, regulations, or orders will be deemed cumulative in nature and will survive termination of this Agreement.
- E. Company agrees that any notice of violation, notice of non-compliance, or other enforcement action of the nature described herein will be provided to Authority within 24 hours of receipt by Company or Company's agent. Any violation or notice of violation or non-compliance with federal, state, or local environmental law or ordinance that Company fails to rectify within the cure period established in the "Default and Termination" Article of this Agreement will be deemed a default under this Agreement. Any such default that is not cured will be grounds for termination of this Agreement.
- F. In entering this Agreement, Authority expressly relies on the covenants, representations, and warranties of Company as stated herein.

21.02 Environmental Considerations

- A. Company, its officers, agents, servants, employees, invitees, independent contractors, successors, and assigns will not discharge or spill any Hazardous Substance, as defined herein, into any component of the storm drainage system or onto any paved or unpaved area within the boundaries of the Airport. In addition, Company will not discharge or spill any Hazardous Substance into any component of the sanitary sewer system without first neutralizing or treating same as required by applicable anti-pollution laws or ordinances, in a manner satisfactory to Authority and other public bodies, Federal, State, or local, having jurisdiction over or responsibility for the prevention of pollution of canals, streams, rivers, and other bodies of water. Company's discharge, spill or introduction of any Hazardous Substance onto the Airport or into any component of Authority's sanitary or storm drainage systems will, if not remedied by Company with all due dispatch, at the sole discretion of Authority, be deemed a default and cause for termination of this Agreement by Authority, subject to notice and cure. Such termination will not relieve Company of or from liability for such discharge or spill.
- B. If Company is deemed to be a generator of hazardous waste, as defined by federal, state, or local law, Company will obtain a generator identification number from the EPA and the appropriate generator permit and will comply with all Federal, State, and local laws, and any rules and regulations promulgated

thereunder, including but not limited to, ensuring that the transportation, storage, handling, and disposal of such hazardous wastes are conducted in full compliance with applicable law.

- C. Company agrees to provide Authority, within ten (10) days after Authority's request, copies of all hazardous waste permit application documentation, permits, monitoring reports, transportation, responses, storage and disposal plans, material safety data sheets and waste disposal manifests prepared or issued in connection with Company's use of the Airport.
- D. At the end of the Agreement, Company will dispose of all solid and hazardous wastes and containers in compliance with all applicable regulations. Copies of all waste manifests will be provided to Authority at least thirty (30) days prior to the end of the Agreement.

21.03 Hazardous Substance

"Hazardous Substances" shall mean any substance that (i) the presence of which requires investigation, reporting, removal or remediation under any environmental law; (ii) that is or becomes defined as a "hazardous waste," "hazardous substance," "hazardous material," "extremely hazardous substance," or other type of pollutant or contaminant under any applicable environmental law; (iii) that is toxic, reactive, explosive, corrosive, flammable, radioactive, carcinogenic, mutagenic, teratogenic, or otherwise hazardous and is or becomes regulated by any applicable environmental law; (iv) that is or contains oil, gasoline, diesel fuel, aviation fuel, or other petroleum hydrocarbons, products or derivatives, other than petroleum, crude oil, and petroleum products to the extent contained within regularly operated motor vehicles; (v) that is or contains PCBs, asbestos, radon, urea formaldehyde or any substance that contains per- and polyfluoroalkyl substances (PFAS); (vi) that is fungi or bacterial matter which reproduces through the release of spores or the splitting of cells, including but not limited to, mold (including, without limitation, penicillium/aspergillus and stachybotrys chartarum), and Legionella (legionella pneumophila); or (vii) the presence of which causes or threatens to cause a nuisance upon the property or to adjacent property or poses or threatens to pose a hazard to the health or safety of any person, to plant or animal life, or to the environment, including, but not limited to sewage sludge, industrial slag, solvents and/or any other similar substances or materials.

Notwithstanding the foregoing, "Hazardous Substances" shall not include (i) "de minimis" quantities of such materials; (ii) substances customarily present in the ordinary course of business of ownership, operation and maintenance of a residential and commercial mixed-use property in a prudent manner, but only during the period that the same are stored in reasonable and customary quantities and stored and/or used in accordance with applicable environmental laws; or (iii) any quantities of such materials which are permitted to remain in the

environment, including soil, sediments, groundwater, or other environmental media pursuant to principles of risk-based corrective action under applicable environmental laws.

21.04 Solid Waste

“Solid Waste” shall mean (1) any waste that is or becomes defined as a “solid waste”, “waste”, “special waste”, “garbage”, or “commercial solid waste” under any environmental law, including but not limited to, the rules of the FDEP, specifically Chapter 62-702, FAC; or (2) any waste that can require special handling and management, including but not limited to, white goods, waste tires, used oil, lead-acid batteries, construction and demolition debris, ash residue, yard trash, biological wastes, and mercury-containing devices and lamps; or (3) any waste that is not hazardous waste and that is not prohibited from disposal in a lined landfill under Rule 62-701.300, FAC; or (4) yard trash, construction and demolition debris, processed tires, asbestos, carpet, cardboard, paper, glass, plastic, or furniture other than appliances.

21.05 Prior Environmental Impacts

Nothing in this Article will be construed to make Company liable in any way for any environmental impacts or release of Hazardous Substances, as defined herein, affecting the Airport that occurred prior to Company’s entry upon the Airport or that occurred as a result of the actions of Authority or any of its employees, agents, or contractors.

21.06 Off-Site Environmental Impacts

Nothing in this Article will be construed to make Company liable in any way for any environmental impacts or release of Hazardous Substances affecting the Airport that occurs by reason of the migration or flow to the Airport from verifiable or documented off-site environmental impacts that is not attributable to Company’s activities at the Airport.

21.07 Petroleum Storage Systems

A. At Company’s expense, Company will at all times comply with all Federal, State, and local requirements, including but not limited to, the regulations of the FDEP as stated in Chapters 62-761 and 62-762, FAC, the requirements of the Federal Oil Pollution Prevention regulation found in Title 40 of the Code of Federal Regulations Part 112 (40 CFR Part 112), as well as the requirements of the EPC, as may be amended or replaced, pertaining to petroleum storage tank and piping system construction, operation, inspection, and compliance monitoring programs; release detection methods and procedures; maintenance; and preventative maintenance programs. Company will be responsible for all spillage, overflow, or escape of gases, petroleum or petroleum products, and for all fines and penalties in connection therewith. All petroleum storage systems will be registered by Company, and Company will display the registration placard as required by law.

- B. Company will train its employees and employees of fuel suppliers on proper fuel delivery and dispensing procedures with an emphasis on safety as well as on spill prevention and response. All fuel delivered to or dispensed from fuel farm facilities “and aircraft” will be attended by a Company employee. Company will comply with all requirements of 40 CFR Part 112, as may be revised or amended. As a result, Company will prepare and implement a Spill Prevention Control and Countermeasure plan as applicable. Notification and response related to the spill or release of petroleum products will be in compliance with FDEP regulations as well as EPC's requirements.
- C. Company will strictly comply with safety and fire prevention ordinances of the City of Tampa and Hillsborough County and all applicable safety regulations at the Airport that may be adopted by Authority. Company will provide adequate fire extinguishers and will establish a fuel dispensing operations manual for its employees and submit a copy to Authority.
- D. Company is responsible for all costs and expenses that may be incurred as a result of compliance with this Article.

21.08 Stormwater

Notwithstanding any other provisions or terms of this Agreement, Company acknowledges that certain properties within the Airport or on Authority-owned land are subject to stormwater rules and regulations. Company agrees to observe and abide by such stormwater rules and regulations as may be applicable to the Airport, and, if applicable, Company hereby expressly covenants, warrants, and represents to Authority, in connection with Company's operations on the Airport, the following:

- A. Company is required to submit a Notice of Intent to use the State of Florida Multi-Sector Generic Permit for Stormwater Discharge Associated with Industrial Activity. Authority and Company both acknowledge that close cooperation is necessary to ensure compliance with any stormwater discharge permit terms and conditions, as well as to ensure safety and to minimize the cost of compliance. Company acknowledges further that it may be necessary to undertake actions to minimize the exposure of stormwater to “significant materials” (as such term may be defined by applicable stormwater rules and regulations) generated, stored, handled, or otherwise used by Company by implementing and maintaining BMPs. Company will establish a BMP plan for the Company's operations and operational area and submit a copy to Authority.
- B. Company will be knowledgeable of any stormwater discharge permit requirements applicable to Company and with which Company will be obligated to comply. The submittal of a Notice of Intent will be made by Company to the FDEP, and a copy will be submitted to Authority. Company is required to comply with the following requirements including, but not limited to, certification of non-stormwater discharges; collection of stormwater samples; preparation of a Stormwater Pollution Prevention Plan or similar plans; implementation of BMPs; and maintenance and submittal of necessary records. In complying with such

requirements, Company will observe applicable deadlines set by the regulatory agency that has jurisdiction over the permit. Company agrees to undertake, at its sole expense, those stormwater permit requirements for which it has received written notice from the regulatory agency and that apply to the Airport, and Company agrees that it will hold harmless and indemnify Authority for any violations or non-compliance with any such permit requirements.

21.09 Environmental Inspection at End of Agreement Term

- A. At Authority's discretion, at least one hundred and twenty (120) days before the expiration or early termination of the Term, Company will conduct an environmental inspection. Due to the broad nature of the Company's operations and operational area, the end of Term inspection could include any and all locations where Company had operations during the Term including, but not limited to, the locations described in the "Operation and Maintenance of the Airport" Article of this Agreement. Special consideration will be given to locations where a potential or actual environmental claim occurred as described in the "Indemnification" Article of this Agreement, locations that were subject to an inquiry or investigation as described in this Article, locations that were associated with a potential or actual notice of violation as described in this Article, and/or locations where Company stored, managed or handled Hazardous Substance as described in this Article.
- B. At its discretion Authority may complete environmental reviews to determine if recognized environmental conditions exist that could warrant soil and groundwater sampling. If warranted by the findings of Company or Authority's inspection or if requested by Authority, a compliance audit or site assessment will be performed within the aforementioned time period by a qualified professional acceptable to Authority who will report the findings to Authority. The cost for professional consulting or engineering services required for such audit will be at the expense of Company. If a site assessment is conducted, Company agrees to pay all associated laboratory and testing fees incurred to test and analyze samples collected during the site assessment process. Authority may also choose to conduct the compliance audit or site assessment. If the results of the assessment indicate that the Airport has been impacted by the release of Hazardous Substances, Company will immediately take such action as is necessary and will provide a substantial guaranty in a form and content acceptable to Authority that Company will clean up the contamination at its own expense, at no expense to Authority, and in accordance with applicable Federal, State, and local laws to the extent that it is obligated to do so by virtue of the foregoing provisions of this Article.
- C. During the period of a cleanup due to the environmental condition of the Airport or common use areas, Company's obligations, including the payment of Rents, under the existing terms of the Agreement will continue in full force and effect, in addition to any other damages for which Company may be liable.

- D. The firm conducting cleanup work must be approved by Authority, and the methodology used by such firm must be consistent with engineering practices and methods required by the State of Florida or the United States government and must be reasonably acceptable to Authority.

ARTICLE 22

SUBORDINATION TO TRUST AGREEMENT

- A. This Agreement and all rights of Company hereunder are expressly subordinate and subject to the lien and provisions of any pledge, transfer, hypothecation, or assignment made at any time by Authority to secure financing. This Agreement is subject and subordinate to the terms, covenants, and conditions of the Trust Agreement and other financing documents made by Authority authorizing the issuance of Bonds, subordinated indebtedness or other indebtedness by Authority. Conflicts between this Agreement and the documents mentioned above will be resolved in favor of such documents.
- B. The Authority shall notify Company in advance of any proposed amendments or supplements to the Trust Agreement and other financing documents that would alter the terms and provisions of this Agreement.
- C.
