

Aviation Authority Capital Improvement Program Project Status Report

January and February 2021

Prepared by

Planning and Development

and

Development Program Services

Capital Improvement Project Status Report Overview

The Capital Improvement Project Status Report has been updated through February 2021 activity.

The Capital Improvement Project Status Report is organized into following categories:

١.	Projects in Planning	. 3
II.	Projects in Design	. 9
III.	Projects Undergoing Construction / Implementation	. 15
IV.	Projects Substantially Complete	25
V.	Active Projects Spreadsheet and the Substantially Complete Spreadsheet	31
VI.	Five-Year Capital Improvement Program Outlook	38

The Capital Improvement Project Status Report (which now includes the new FY21 approved projects) consists of specific information for each project, including the project title, estimated costs, designer, contractor, airport, project description, a project update, and significant dates according to the latest schedule. The Active Projects Spreadsheet mirrors the projects listed within sections I through IV of the Capital Improvement Project Status Report and contains specific project details related to contract or agreement amounts, approved change orders or amendments, DBE or W/MBE target and achievement amounts. Projects within the Substantially Complete section will be shown for one month only.

The Authority routinely has miscellaneous small to medium size maintenance and rehabilitation construction projects with time constraints or limited competition. To provide an additional resource, a Job Order Contracting (JOC) solution utilizing a cooperative contract with the National Joint Powers Alliance has been approved by the Board through 2021.

The Substantially Complete spreadsheet will show all projects in the current fiscal year which achieved Substantial Completion. The spreadsheet provides additional information including the substantial completion date, an estimate of the final costs, and a comparison to the current budget.

The Five-Year Capital Improvement Program Outlook category consists of spreadsheets listing anticipated projects and estimated costs for the period 2021-2025. The estimated project cost includes, initial in-house planning, advertising, design development, construction, construction management, construction contract administration, permitting and miscellaneous printing, copying and distribution costs and any other components associated with completion of the work.

Schedules and budgets are updated during the course of the project. Any changes will be reflected in the next posting of the report.

Please call Dan Johnson at (813) 801-6030 or e-mail <u>DGJohnson@Tampaairport.com</u> if you have any questions regarding the Capital Improvement Program Status Report.

Capital Improvement Project Status Report

January and February 2021

I. Projects in Planning

#6385 18 HCAA Website Rebuild

Substantial Completion: TBD

Current Budget: \$540,600

Consultant: TBD

Airport: Tampa International, Peter O. Knight,

Tampa Executive, and Plant City

Project Description: The scope of the project is to refresh the Airport's public website. The project will incorporate current design trends and technologies to deliver a more engaging and accessible site for airport patrons.

Project Status: The Authority has cancelled the solicitation and is evaluating and revising the scope pending Executive approval of the effort.

#6565 19 Public Safety System Upgrade

Substantial Completion: November 2020 Current Budget: \$1,111,500

Consultant: TriTech Software Systems

Contractor: N/A

Airport: Tampa International

Project Description: The scope of this project is to upgrade the Public Safety software used by the Police Department. Much of this software is over 18 years old and the upgrades and enhancements will improve the user interface allowing the Authority's Police department to expedite administrative tasks, include robust mobility for officers in the field, provide more accurate location information and more efficient dispatching, and allow more efficient incident reporting and streamlined statistical reporting to enable the creation and sharing of reports.

Project Status: Substantial completion occurred in late October 2020 by bringing the records management system (RMS), the computer-aided dispatch (CAD) system, RMS Mobile, and Field Ops into production. The vendor is completing the final steps needed to complete RMS data migration from the legacy RMS system. Once the data migration is completed the final two interfaces, TRACS and LINX, will be brought live. The last step implementing the IQ Search platform is expected in September 2021.

#6660 19 Noise Study AIP 03-12-0078-66-2019

Substantial Completion: July 2021 Current Budget: \$627,800

Consultant: Environmental Science Associates

Airport: Tampa International

Project Description: The scope of this project is to formally update the Noise Exposure Map (NEM). The last formal update was completed and approved in 2000. The formal NEM update will be conducted in accordance with 14 C.F.R. Part 150.

Project Status: As of January 2021, the consultant worked with the Authority to gain FAA approval on the methodology used for the number of aircraft operations used for the current and the five-year look ahead with respect to projected noise impacts. This was especially challenging given COVID and the significant drop in aircraft operations. The FAA published a draft terminal area forecast (TAF), which included projections based on COVID impacts, in November of 2019. The Authority provided a memo to the FAA in January 2021 to gain approval on forecasting methodology. Depending on the FAA's response timeline and approval, this could delay the next round of public outreach, currently planned for Spring 2021, which could then push substantial completion accordingly.

#6690 20 IT FY20 Capital Commodity Plan

Substantial Completion:June 2021Current Budget:\$2,800,000Contractor:ITS DepartmentAirport:Tampa International

Project Description: The scope of this project is to purchase information technology equipment and other associated ancillary items in a phased refresh cycle to ensure the stability and reliability of the Authority's technology infrastructure.

Project Status: The project is within budget and on time with the procurement of the required FY 20 equipment. The additional work to modernize the Shuttle Entrances and Event Center has been completed for 3 of the 4 shuttle entrances. The relocation of the Airside E "Meeter & Greeter" sign has caused some delays associated with this project as the team had to engage RS&H to ensure the appropriate infrastructure was in the ceilings for the new location. This project should be completed in June of 2021.

#6715 20 Bag Claim Carpet Replacement

Substantial Completion: TBD

Current Budget: \$1,514,100

Consultant: General Consultant

Contractor: TBD

Airport: Tampa International

Project Description: The purpose of this project is to replace the Bag Claim carpet, as well as some of the back of house flooring in the Main Terminal.

Project Status: This project has been deferred to a future fiscal year to be determined as a cost cutting measure due to COVID-19 impacts.

#6735 20 Oracle Enterprise Business Solution Upgrade

Substantial Completion:February 2021Current Budget:\$3,393,000Consultant:Bourntech

Contractor: N/A

Airport: Tampa International

Project Description: The purpose of this project is to upgrade the Authority's Oracle Enterprise Business Solution (EBS) and Technology Stack software. The upgrade will enable improved system functionality, provide mobile capabilities, improved security without VPN requirements, added functionality within Finance, Human Resources, Procurement, and benefits that will improve user experience and promote employee self-service. It will extend current support requirements to 2030 based on the latest technology stack.

Project Status: The Oracle EBS Upgrade went live in the first week of February, as scheduled. This completed the Go-Live and Post Go-Live support project milestones which were the major completion criteria for the Oracle project. The next couple of months will consist of minor deliveries, such as the Additional Enhancement list.

#6740 20 Tampa Executive Airport Master Plan Update

Substantial Completion:TBDCurrent Budget:\$650,000Consultant:Ricondo

Airport: Tampa Executive

Project Description: The purpose of this project is to update the Airport Master Plan for Tampa Executive Airport (VDF). The update is needed to reassess future projections of airport activity, identify options to capitalize on the Authority's real estate holdings, define optimal uses for airport property and adjacent land parcels, evaluate the airfield geometry for compliance with FAA AC 150/5300-13A, Change 1, address new environmental and other regulatory constraints, and plan for an appropriate mix of land users to support projected aviation and non-aviation needs.

Project Status: The Ricondo team has been focusing on the development of the scope of work for Phase 3 of the Master Plan Update including coordination with multiple sub-consultants. In light of COVID-19, it was considered prudent to defer Phase 2 of the Master Plan to a later time. Phase 3 of the Master Plan will include a significant outreach program including coordination with local government agencies, public meetings, and coordination with several Authority departments (Real Estate, Finance, etc.).

#6745 21 Wildlife Management Program - Phase 1

Substantial Completion: March 2023
Current Budget: \$639,300

Consultant: APTIM/Blue Wing Environmental

Contractor: N/A

Airport: Tampa International

Project Description: The purpose of this project is deliver a multi-phase comprehensive program that will update and improve Tampa International Airport's existing airport wildlife management program to ensure long-term compliance with 14 CFR §139.337 – Wildlife Hazard Management.

Project Status: The Wildlife Hazard Assessment is entering its 5th month of surveys. On-site, off-site, terminal/ramp as well as eagle nest monitoring surveys have been conducted by Blue Wing. A total of 1,936 observations have been recorded to date in the assessment. Of the total data collected, sample data has been sent to APTIM to configure the final report numbers/risk species algorithm. In addition to a large amount of quantitative data being compiled, Blue Wing has compiled qualitative data from game-trail camera pictures.

#6755 21 STPG, Tug Tunnels, & Quad Decks Rehabilitation

Substantial Completion:September 2022Current Budget:\$2,089,600

Consultant: Walker Consultants

Contractor: TBD

Airport: Tampa International

Project Description: The purpose of this project is to rehabilitate and extend the life of the Short Term Parking

Garage.

Project Status: Design is scheduled to start in March 2021.

#6770 21 Airside C Airline and TSA Space Rehabilitation

Substantial Completion: August 2021
Current Budget: \$200,000

Contractor: In-House Projects Group
Airport: Tampa International

Project Description: The purpose of this project is to rehabilitate ramp level offices, restrooms, operations areas, and TSA areas.

Project Status: The project is scheduled to start after the Spring Break period in mid-April.

#6785 21 Common Shared Use Passenger Processing System (C/SUPPS) – Phase 3

Substantial Completion:July 2022Current Budget:\$2,775,000Consultant:RS&HContractor:TBD

Airport: Tampa International

Project Description: The purpose of this project is to provide C/SUPPS for additional airlines, gates, ticket counters, and required technology. Phase 3 deployment will be limited to portions of the Airside, Main Terminal Ticket Level, and Airline operational space.

Project Status: The Board approved the project at the September 2020 Board meeting and it is scheduled to commence in April 2021.

#6820 21 IT FY21 Capital Commodity Plan

Substantial Completion:September 2021Current Budget:\$1,500,000Consultant:TBDContractor:TBD

Airport: Tampa International

Project Description: The purpose of this project is to purchase IT equipment and other associated ancillary items in a phased refresh cycle to ensure the stability and reliability of the Authority technology infrastructure.

Project Status: The Board approved the project at the September 2020 Board meeting. The project has procured approximately 50% of the FY 21 equipment and is within budget and on time.

#6835 21 Baggage Belt LED Replacement

Substantial Completion:June 2022Current Budget:\$1,200,000Consultant:RS&H

Contractor: JOC (Johnson-Laux)

Airport: Tampa International

Project Description: The purpose of this project is to replace the current rectangular shaped 43-inch monitors that are located above the baggage claim belt tips that display the flight number and the originating city of the bags being delivered on that belt.

Project Status: The Board approved the project at the September 2020 Board meeting. In order to not impact the future baggage level ceiling project, the team reached out to RS&H for suggestions to determine any long term impacts. Their suggestions will be reviewed in March and it is anticipated that the proof on concept will be up and running in May 2021.

#6875 21 Employee Bus Replacement

Substantial Completion:August 2023Current Budget:\$5,492,000Consultant:RS&HContractor:TBD

Airport: Tampa International

Project Description: The purpose of this project is to replace the employee bus fleet for the service user of the North Employee Lot. It will be a mix of leased diesel buses (O&M) along with the purchase of four electric buses.

Project Status: The FAA approved the solicitation as an Invitation to Negotiate (ITN) with the invitation scheduled to go out in mid-March.

#8410 21 TPA Real Estate Development

Substantial Completion: September 2021

Current Budget: \$250,000
Consultant: RS&H
Contractor: TBD

Airport: Tampa International

Project Description: The purpose of this project is a multi-year project of on-call development support services, planning, preliminary engineering, design and construction for the future commercial development of various locations.

Project Status: The Board approved the project at the September 2020 Board meeting. The consultant's work order has been completed and development support tasks will be assigned based on future commercial development opportunities.

II. Projects in Design

#5985 13 Commercial Real Estate Development - Preliminary Planning & Design

Substantial Completion: May 2021
Current Budget: \$3,625,000
Consultant: Stantec

Airport: Tampa International

Project Description: The scope of this project is to assist the Authority with investigating the possibility of a multiphase, multi-year plan to subdivide and develop TPA's available/underutilized properties for future facilities in order to meet demand forecast for commercial real estate. This project also includes the development of the project manual for the SkyCenter (formerly the Gateway Development Area) office complex.

Project Status: The vacating of roadways and curing title issues and easements in the Eastside Development Area has been completed. Funding is included for the oversight of projects being constructed by other companies, such as CAE USA's new Headquarters complex. The consultant's efforts are also tied to projects 8225 17 and 8226 17.

#6495 17 TEA Access Control System Upgrades

FDOT F.M. #429617-1

Substantial Completion:September 2021Current Budget:\$1,204400Consultant:RS&HContractor:TBD

Airport: Tampa Executive

Project Description: The scope of this project is to upgrade the existing system or provide a newer system along with expanded coverage to include the perimeter vehicle gates which currently operate as standalone systems. This expansion will provide a single airport wide system that can control and monitor all secure area access points locally or from a remote location such as the Airport Operations Center at Tampa International Airport.

Project Status: Bids were received and the project will be awarded at the March Board meeting.

#6500 17 HCAA Enterprise Geographical Information System (eGIS) and Asset Management Program

Substantial Completion: December 2020
Current Budget: \$1,586,000

Consultant: Environmental Systems Research Institute

Airport: Tampa International

Project Description: The scope of this project is to implement an enterprise Geographical Information System (eGIS) based on the data delivered in the AGIS Project, and make functional use of it within the Authority as mandated by the FAA for all airports. This project will also implement an asset management system for the use of Operations and Maintenance departments to use in daily inspections.

Project Status: The project schedule was extended to update Exhibit A and Airport Layout Plan (ALP) GIS data sets that will capture new construction at TPA. Also updated the schedule to include new aerial photography to be taken in January 2021, which will be used to update the ALP to FAA standards.

#6615 19 Fire Suppression Tank Rehabilitation

FDOT F.M. #435233-1

Substantial Completion:TBDCurrent Budget:\$574,600Consultant:RS&HContractorTBD

Airport: Tampa Executive

Project Description: The scope of this project is to rehabilitate the fire suppression systems at Hangars 3700/3800 and 4800. Work will include cleaning and repair of existing fire pump, lines and screen; repair/replacement of the fire pump controllers and tank bladder replacement.

Project Status: An independent third-party inspection report of the fire suppression system has been completed. Design needs for the project are being assessed based on the report's findings and recommendations. A project implementation strategy has been developed by RS&H with consideration of tank disposition, hangar code requirements, environmental factors, cost implications, life-safety issues in conjunction with the Project Management Plan's original scope description. The project resumed with design in January 2021 with construction anticipated in the Spring of 2021 and completion in August 2021.

#6710 20 EFSO (Emergency Fuel Shut Off)

Substantial Completion:April 2021Current Budget:\$1,021,749Design-Builder:Currier TK

Airport: Tampa International

Project Description: The scope of this project is to upgrade the Emergency Fuel Shut Off (EFSO) systems at Airsides A, C, and E.

Project Status: Notice to Proceed was issued in December 2020.

#6750 21 Pavement Rehabilitation

Substantial Completion:February 2022Current Budget:\$2,792,900Consultant:RS&HContractor:TBD

Airport: Tampa International

Project Description: The purpose of this project is to repair, rehabilitate, or replacement of damaged or worn-out pavements throughout the airport with a focus on asphalt pavements.

Project Status: The 60% design submittal was received on February 10, 2021. The submittal is currently under review and the 90% design submittal is expected in March 2021.

#6780 21 Main Terminal Elevator Modernization

Substantial Completion:November 2022Current Budget:\$7,455,000

Consultant: N/A

Contractor: Schindler Elevator Company

Airport: Tampa International

Project Description: The purpose of this project is to rehabilitation of the twenty-four geared traction Landside elevators including replacing the existing geared traction machines with new FMM200 Modular Gearless Machines and cab modernizations of the twenty-four elevators.

Project Status: Notice to Proceed was issued on December 14, 2020 and project design has started.

#6855 21 Main Terminal Complex Structural Envelope Restoration

Substantial Completion: August 2022
Current Budget: \$2,439,000

Consultant: Walker Consultants

Contractor: TBD

Airport: Tampa International

Project Description: The purpose of this project is to do restoration on building envelope of each Airside building and Main terminal to extend the service of life of the building envelopes.

Project Status: The 30% design submittal was received on January 22, 2021 and is under review. The 60% design submittal is expected in March 2021.

#6860 21 Airside Guideways & Bridges Rehabilitation

Substantial Completion:September 2022Current Budget:\$2,497,800

Consultant: Walker Consultants

Contractor: TBD

Airport: Tampa International

Project Description: The purpose of this project is to rehabilitate Airside Guideways and Bridges to extend the service of life.

Project Status: The 60% design submittal was received on February 12, 2021 and is currently under review. The 90% design submittal is expected in May 2021.

#6865 21 Part 139 Airfield Improvements

Substantial Completion:January 2022Current Budget:\$4,455,700Consultant:RS&HContractor:TBD

Airport: Tampa International

Project Description: The purpose of this project is to address certain Part 139 deficiencies identified by the FAA as part of their Part 139 annual inspection.

Project Status: The 90% design submittal was completed during this period.

#8226 17 SkyCenter Authority Interior Office Fit-Out

Substantial Completion:January 2022Current Budget:\$42,381,641Design-Builder:DPR/Gensler

Airport: Tampa International

Project Description: This project will design and construct the Authority's interior office fit-out on Levels 3, 4 and 5 within the developer provided new SkyCenter office complex.

Project Status: The design-builder, DPR, has submitted the draft GMP to HCAA as scheduled. The project's Part 2 GMP award and Notice to Proceed for construction is currently scheduled for March 2021.

#8240 19 Air Cargo Expansion

FDOT F.M. #442095-1

Substantial Completion: TBD

Current Budget: \$69,901,300

Design-Builder: Currier TK/The Middlesex Corporation

Airport: Tampa International

Project Description: The scope of this project is the development of new air cargo facilities in the East Development Area and will include cargo facilities, site development, taxilanes, taxiways, aircraft parking aprons, ground service equipment storage areas, landside roadway access improvements, aircraft fueling facilities and trailer staging areas.

Project Status: The GMP Part 2 Proposal Documents were provided to the Authority in May 2020. Due to the impacts from COVID-19, the Air Cargo Expansion project has been deferred until required as an enabling project for Airside D construction.

In the near term this project will fund the construction of a new Truck Rack Fueling System located at the fuel farm on the behalf of the Tampa Fuel Committee. The estimated cost of this work is \$2,380,000. In September, the Tampa Fuel Committee assigned the design and construction to Currier TK. The project is in the 90% design phase.

#8315 20 Monorail System Replacement

FDOT F.M. #446919-1

Substantial Completion:December 2022Current Budget:\$33,530,000Design-Builder:Manhattan

Airport: Tampa International

Project Description: The purpose of this project is to install moving walkways on Level 4 of the Long Term Parking Garage and decommission the existing Monorail System running between the Long Term Parking Garage and the Short Term Parking Garage. Level 4 of the Long Term Parking Garage will also be modified to create a Premium Parking Product, providing guests with an option of enhanced amenities.

Project Status: The Moving Walkways early release procurement scope was advertised for public bid. In the process of bidding the moving walkways equipment, a vendor who was initially understood to not be able to produce equipment viable for the project requirements, stepped forward stating they were in fact able to bid the work. The bidding process was halted, and the Design team began a feasibility study to confirm the assertions of the vendor in question. This has resulted in a delay to the project schedule, as all design work was halted to allow appropriate attention to the aforementioned study. HCAA is awaiting the results of the study, as well as a revised project schedule that accounted for these unexpected delays to the development of both the moving walks and monorail decommissioning scopes.

#8330 20 North Remain Overnight (RON) Parking Apron

FDOT F.M. #446920-1

Substantial Completion: TBD

Current Budget: \$23,118,800

Consultant: Kimley-Horn and Associates, Inc.

Contractor: TBD

Airport: Tampa International

Project Description: The purpose of this project is to build a Remain Overnight (RON) parking area for up to 12 aircraft and a Ground Service Equipment storage area north of Taxiway A.

Project Status: Design professional services commenced on October 1, 2019. The 90% design documents were submitted on March 31, 2020. Because of COVID-19, this project was deferred until required as part of the construction of Airside D.

#8405 20 Airside A Boarding Bridges, PCA AHU and GPU Replacement AIP Grant #03-12-0078-68-2020; FDOT F.M. #436834-1

Substantial Completion:July 2022Current Budget:\$22,587,600Design-Builder:Aero/ManhattanAirport:Tampa International

Project Description: This project consists of the design and installation of new Passenger Boarding Bridges (PBBs), Pre-Conditioned Air and Air Handling Units (PCA-AHUs) and Ground Power Units (GPUs) at fifteen gates at Airside A, which includes reusing thirteen PBB AHUs and adding two PBB AHUs at Gates A3 and A10. A survey and analysis of a new parking layout to accommodate the current fleet mix will be required, including existing lead-in lines, stop bars, safety areas, hurricane tie-downs, and hydrant fuel locations. An inventory of the current and proposed fleet mix will also be necessary.

Project Status: The Notice to Proceed for the Part 1 design services was issued on August 13, 2020. The 30% design submittal was received in September 2020. The 60% Design Submittal for long lead items was received in November 2020, as scheduled. The Part 2 GMP Board award is anticipated for March 2021. The remaining 90% submittal is scheduled for February 2021 and a Supplement A Board award for the remaining scope is currently scheduled for June 2021.

#8420 21 Airside A and C Shuttle Car and Control System Replacement

Substantial Completion: February 2022
Current Budget: \$13,577,700

Consultant: Bombardier Technologies

Contractor: TBD

Airport: Tampa International

Project Description: The purpose of this project is to replace the system wide shuttle train control system (Phase 1) and the shuttle cars at Airsides A and C (Phase 2) in a multi-phased, multi-year approach. The new shuttle cars is aFY22 initiative and will be an update/increase to the current project budget.

Project Status: Bombardier continued their design efforts and are currently on schedule. Negotiations with Bombardier for the new shuttle cars have begun.

#8805 17 Airport Security System Replacement (ASSR) – Design Only AIP 03-12-0078-65-2019; FDOT F.M. #425920-2, 425921-1

Substantial Completion:September 2018Current Budget:\$2,785,000Design-Builder:The Beck GroupAirport:Tampa International

Project Description: The scope of this project is to study and design a new Airport Access Control (AAC) and Closed Circuit Television (CCTV) system for the airport. Additionally, a Security Master Plan will be developed.

Project Status: The design for this project is complete. The construction for this project is being conducted per project 8320 19.

III. Projects Undergoing Construction/Implementation

#5382 16 Site Rehabilitation

Substantial Completion: March 2021
Current Budget: \$1,270,000
Consultant: APTIM

Contractor: Astra Construction Services
Airport: Tampa International

Project Description: The scope of this project is to ensure that the subsurface site conditions at the South Terminal Support Area (STSA) meet environmental requirements and industry standards for commercial redevelopment.

Project Status: At the former Rental Car site located on the first level of the Long Term Parking Garage where rental car quick-turn-around (QTA) and service center activities were previously conducted, the Authority is preparing the final site closure package. At eleven state cleanup petroleum facilities, FDEP and their agency term contractors are continuing to perform various phases of drilling, testing, and reporting under FDEP's Limited Site Assessment programs.

#5615 18 Airsides A and F Air Handler Replacement

Substantial Completion: August 2021
Current Budget: \$2,817,000
Consultant: RS&H

Contractor: Caladesi Construction Co. / Bernhard MCC

Airport: Tampa International

Project Description: The scope of this project includes replacing the air handling units at Airside F and the outdoor air handling units at Airside A with new modular, high efficiency units, variable frequency drives and upgraded controls, and auxiliary equipment.

Project Status: The Airside A Air Handler replacement work reached Substantial Completion on August 10, 2020.

For Airside F, a kick-off meeting was held on January 7, 2021. The Notice to Procure was executed on January 13, 2021 for material associated with the air handler units. The Notice to Proceed is scheduled for mid-April and construction to start in May.

#5991 14 Checked Baggage System Upgrades & Optimization FDOT F.M. #429607-1, 428057-2

Substantial Completion: November 2021
Current Budget: \$52,559,300

Consultant:Corgan Associates, Inc.Contractor:Hensel Phelps Construction

Airport: Tampa International

Project Description: The scope of this project provides for the final design and construction of the checked baggage system upgrades and optimization. The project includes all necessary facility modifications required for the reconstruction and optimization of the Checked Baggage Inspection System (CBIS) to include changes to baggage conveyors systems, programming, mechanical, plumbing, electrical, structural, telecommunications, and other infrastructure as necessary.

Project Status:

Airside C: A significant portion of the mechanical and electrical systems have been installed. Most all of Baggage Handling System (BHS) components (i.e., catwalks, conveyors, peripheral devices) have been installed with the BHS conveyor tie-ins between old and new are on-going. High and low level controls updates are being made and the installation of acoustical curtains has been completed.

A-Sort Building: A significant portion of the mechanical and electrical systems have been installed. Most all of BHS components (i.e., catwalks, conveyors, peripheral devices) have been installed. The BHS conveyor tie-ins between old and new are on-going. High and low level controls updates are being made and the installation of acoustical curtains has been completed.

Main Terminal: Additional TSA scope is required in the on-screen resolution room. Design team is developing a RFP for this additional scope.

#6155 14 & #6156 15 Replace Parking Revenue Control System - Phase I & Phase II

Substantial Completion: March 2020 Current Budget: \$14,916,600

Design-Builder: Manhattan Construction
Airport: Tampa International

Project Description: The scope of the project is to develop and deploy a new Parking Access Revenue Control System (PARCS) to consolidate all relevant parking and commercial vehicle operations into one fully functional management platform. Included in the project scope is a parking count by level system, license plate recognition, LED signage integration, SunPass Plus, and reconfiguration of the exit plaza for short and long term parking.

Project Status: New touch screens and touchless sensors were installed to facilitate touchless ticket dispensing. Labeling standards are being evaluated for inclusion in new graphic wraps being installed.

#6157 16 Replace Parking Revenue Control System - Phase III

Substantial Completion: March 2020
Current Budget: \$5,430,500

Design-Builder: Manhattan Construction
Airport: Tampa International

Project Description: The scope of this project is to deliver ground transportation system (GTS) software including an automatic vehicle identification (AVI) system. The project also includes a parking count by level parking guidance system (PGS) for the Long Term Parking Garage.

Project Status: The online booking system is in development.

#6165 19 Airfield Maintenance Equipment Storage Building Addition

Substantial Completion:

Current Budget:

Consultant:

January 2021

\$1,968,400

RS&H

Contractor E&L Construction Group
Airport: Tampa International

Project Description: The scope of this project is to design and construct a new 10,000 sf storage building adjacent to the existing Airfield Maintenance Facility. The new storage building addition will house a new car/truck wash replacement, an equipment wash area and storage area for maintenance equipment.

Project Status: The framing of the pre-engineered metal building has been erected. The contractor is currently installing the metal roof panels and interior liner panels. The new AOA fence around the perimeter of the site is being installed. Civil and utility work expected to resume in March, along with the installation of the carwash equipment. The January 2021 substantial completion date was not achieved and an updated date is anticipated in April 2021 but has not been able to be finalized by the contractor.

#6475 19 Main Terminal Ticket Level Interior Refurbishment

Substantial Completion:November 2020Current Budget:\$7,209,400Design-Builder:DPR

Africa anti-

Airport: Tampa International

Project Description: The scope of this project consists of the refurbishment of the Main Terminal ticket level and the establishment of a new design standard to enable signature carriers to enhance their respective brands while maintaining an overall aesthetically pleasing and consistent design style.

Project Status: Substantial Completion was achieved during the months of November and December. The addition of linear lighting at the Southwest Ticket Counter is scheduled to take place in April and May of 2021. Installation of carpet at the TSA oversize bag area and carpet warranty replacements are scheduled for April installation.

#6530 18 North Air Cargo Facility Redevelopment

Substantial Completion: TBD

Current Budget: \$1,150,000
Consultant: RS&H

Contractor: Astra Group Inc.

Airport: Tampa International

Project Description: The scope of this project is to provide temporary cargo operations space. In addition, the North Cargo Road will be widened and some airfield lighting will be added under this project.

Project Status: The project has been de-scoped to provide only interim air cargo support as required until new air cargo facilities are completed. To date this support has included roadway widening to support larger cargo equipment utilizing the roads between the North Air Cargo building and Hardstand D.

#6535 19 Parkway and Service Road Asphalt Pavement Rehabilitation FDOT F.M. #432974-1

Substantial Completion: February 2022
Current Budget: \$4,176,700

Design-Builder: Cone & Graham, Inc.

Airport: Tampa International

Project Description: The scope of this project is to rehabilitate asphalt roadway pavement consisting of the inbound and outbound George J. Bean Parkway, sections of the Bessie Coleman Boulevard Service Road, and other areas such as ticket/toll plazas asphalt pavement which are showing signs of deterioration and age. This project will be designed and constructed in conjunction with Master Plan Phase 2 project #8235 18 Widen and Rehabilitate the George Bean Parkway and New Economy Parking Road Exit, so that the design and construction are fully coordinated and timed, thereby, combining the extent of operational impacts.

Project Status: Notice to Proceed was issued on October 11, 2019 as part of the Master Plan Phase 2 project 8235 18. Asphalt pavement rehabilitation work consisting of asphalt milling and overlay is currently scheduled for July to November of 2021.

#6545 19 Airside F Roof Replacement FDOT F.M. #438833-1,436834-1, 429602-1

Substantial Completion:July 2021Current Budget:\$17,372,374Design-Builder:HC Beck, Ltd.

Airport: Tampa International

Project Description: The scope of this project is the design to replace the original roof, gutters, drainage system over the Airside F Building. The project is necessary to maintain the water tightness of the building and extend the integrity of Airside F. The original Airside F Terminal Building was completed in 1987 and the roof is at the end of its useful life. The project will require the existing conditions of both roofing and drainage systems to be documented and ascertained during the design process.

Project Status: The removal and replacement of all standing seam roof panels was completed in February. Removal and replacement of the flat roof is ongoing and is expected to be complete in March. Wet-sealing of all glass and coating, all steel roof trusses, and underside of the roof deck is complete. Waterproofing of the CMU around the ramp level is expected to begin in March. The project is tracking to reach Substantial Completion advance of the current schedule in late March or early April.

#6595 19 Short Term Parking Garage Helix Lighting Replacement

Substantial Completion:TBDCurrent Budget:\$546,600Consultant:RS&HContractorTBD

Airport: Tampa International

Project Description: The scope of this project is to rehabilitate the existing lights in the parapet walls and ceiling on the up and down helixes.

Project Status: The project has been deferred for cost cutting measures due to COVID-19.

#6650 19 Mother's Nursing and Service Animal Relief Areas

Substantial Completion:July 2020Current Budget:\$2,148,900Consultant:RS&HContractorForesight

Airport: Tampa International

Project Description: The scope of this project is to provide new customer service amenities in compliance with current codes and FAA Circular(s). The amenities will include Mother's Nursing Rooms, Service Animals Relief Areas (SARAs), Water Bottle Stations, and Water Dump Stations.

Project Status: The four Main Terminal Service Animal Relief Areas opened on September 9, 2020, along with the Main Terminal, Airside E, and Airside F Mother's Nursing Rooms. Airside A Mother's Nursing Room will open when the restrooms on Airside A south reopen.

#6665 19 Baggage Claim Video Walls Technology Refresh

Substantial Completion:May 2021Current Budget:\$1,500,000Consultant/Vendor:AVI-SPL

Airport: Tampa International

Project Description: The scope of this project is to replace the four video walls in the baggage claim area. These video walls are currently comprised of twelve 46" monitors and would be replaced by a solid LED canvas. The balance of the screens will be replaced in 2020.

Project Status: The project has completed the three red side walls and on the Blue side the installation of Bag Belt 1, 3, 6, and Bag Belt 7 scheduled for installation in February of 2021.

#6685 20 Long Term Parking Garage Elevator Rehabilitation

Substantial Completion: July 2021
Current Budget: \$4,840,000

Contractor: Schindler Elevator Company

Airport: Tampa International

Project Description: The purpose of this project is to rehabilitate the elevator equipment installed in the Long Term Parking Garage (LTPG). Each of the four elevators in the four elevator banks of the LTPG will get new control systems, new microprocessor AC drives, and replace existing gear machines with new Schindler Modular Gearless, FMM-200 Machines.

Project Status: The first four elevators have been completed and placed back into service. Construction is continuing on the second set of elevators.

#6700 20 Runway 5-23 and Connector Taxiways Rehabilitation AIP 03-12-0097-35-2020; FDOT FM#432984-1, 435231-1

Substantial Completion: April 2021
Current Budget: \$7,772,900
Consultant: AVCON

Contractor: C.W. Roberts Contracting

Airport: Tampa Executive

Project Description: The purpose of this project is to rehabilitate Runway 5-23 and connector taxiways including mill and overlay of pavement surfaces, edge lights, airfield guidance signs, navigational aids, and pavement markings. Obstruction removal (tree trimming) in the primary surface of the runway is also included.

Project Status: During this reporting period, the contractor completed 75% of tree trimming within the primary surface, 90% of asphalt milling, placement of asphalt test strips, 50% of MALSR improvements, and 75% of electrical improvements including: lighting, signage, and cables. High ground water conditions are impacting paving of the R/W and T/W connectors. The project team is implementing a revised design to repair the affected areas.

#7054 12 Airport Support Area Environmental Remediation Phase 6

Regulatory Completion: September 2021
Current Budget: \$5,000,000

Consultant: AECOM and APTIM

Contractor: AECOM Technical Service
Airport: Tampa International

Project Description: The scope of this project includes soil and groundwater remediation for properties located in the Drew Park Area.

Project Status: At Parcel 6002, the long-term monitoring program continues. APTIM and the Authority are preparing final closeout packages for submittal to FDEP to meet the requirements of the Drew Park Voluntary Cleanup Agreement.

#8225 17 SkyCenter Development Area FDOT Multimodal Grant F.M. #444181-1

Substantial Completion: February 5, 2021
Current Budget: \$81,937,120

Consultant: Stantec/Gresham Smith
Contractor: Hensel Phelps Construction

Airport: Tampa International

Project Description: The scope of this project will design and construct the site development to support Authority Facilities in this area and future uses of the South Terminal Support Area (STSA) as defined in the 2012 Master Plan. The Authority Facilities are the remote commercial curb, atrium, and pedestrian walkway linking the office development and remote commercial curb to the ConRAC Facility and SkyConnect APM system allowing direct access to the airport's Main Terminal.

Project Status: The construction activities for this period consisted of the completion of ceiling, flooring, glass wall panels, lighting, and HVAC trim. Continued installation and completion of the moving walkways, elevators, and escalators. Completed installation of flooring, column covers and wood/metal ceiling panels in the pedestrian bridge; completed installation of metal and wood ceiling panels throughout the Atrium; completed installation of hand railing and motor control shades; installation of roof terrace metal panels for the canopy and continued installation of landscaping on the Atrium and site; completed construction of the new Atrium Commercial Curbside. Started roadway signage installation and continue preparation for testing of the water fountain feature.

#8230 18 Main Terminal Curbside Expansion

Substantial Completion:December 2021Current Budget:\$186,948,048

Design-Builder: Hensel Phelps Construction

Airport: Tampa International

Project Description: The scope of this project is to expand the Main Terminal arrivals and departures curbside lanes on both the Blue and Red sides of the terminal and includes the construction of vertical circulation lobbies allowing direct connection to the Main Terminal Transfer Level.

Project Status: Construction on the Blue Side roadway continued with headwall installation at the main bridge section. MSE wall installation and elevated formwork for the elevated road deck continued on the entrance and exit bridge sections. Construction for the Blue Side Vertical Building (VCB) continued with the completion of Phase 1 curtain wall and roof installation. Mechanical/electrical/plumbing/fire protection rough-ins also continued on the Blue VCB. Finishes continue to be installed in the old Suite B space and new pedestrian bridge for a turn over to the Authority in early January 2021. Foundations and slab on grade have been completed with CMU walls, interior, and exterior framing starting in all areas of the Police and Maintenance building. Frontier building work was completed for a February 2021 turnover to the Authority. Flagship and Bombardier work has started with select demolition complete and structural steel and MEP trades starting for an end of May 2021 completion.

#8200 18 New FAA Parking Lot

#8205 18 Central Utility Plant (CUP) and Loading Dock Replacement

#8900 18 Demolish Administration Building

Substantial Completion: FAA Parking Lot: August 2021 CUP/ESB: October 2021

Loading Dock: October 2021

Current Budget: \$109,489,954

Design-Builder: Hensel Phelps Construction

Airport: Tampa International

Project Description: The scope of these projects is to support the expansion of the curbsides on the Red and Blue sides of the Main Terminal (Project 8230 18). The existing Administration Building and facilities housed within it must be demolished to clear the site for construction of the red curbside improvements. Demolition of the existing Administrative Building will require relocation of Authority administrative offices, constructing a new central utility plant and the reconfiguration of the FAA parking lot.

Project Status: The cooling towers are nearing structural completion. The exterior sheeting and TPO roofing are 95% complete and the curtain wall glass has started. Crews continue on the installation of the mechanical, plumbing, domestic water, and fire piping throughout the CUP Facility. The electrical switchgear as well as TECO transformers for the CUP have been installed and crews have started pulling in secondary feeders into the CUP building and installed equipment. Interior painting has started throughout the CUP as well as the installation of the ceiling sound proofing. The Electrical Service Building structural steel installation has been completed and grating and decking is being installed. Level 71 CHW/HW tie-ins continue into the existing piping systems in preparation for future cut overs to the new CUP. The contractor has poured the SOMD for new 71' level chase and exterior framing and sheeting has started. The loading dock work continued as the new Service Road base and asphalt is being installed. Crews have installed the micro-pile foundations and began install of the forms and rebar for the mat foundation for the elevators and stairs. The arcade lease spaces have been turned over on the Transfer level and the contractor has begun investigations in these ceilings for future MEP tie-ins.

#8235 18 Widen and Rehabilitate the George Bean Parkway and New Economy Parking Road Exit FDOT FM#442344-1

Substantial Completion: February 2022
Current Budget: \$47,379,712

Design-Builder: Cone & Graham, Inc.

Airport: Tampa International

Project Description: The scope of this project is to construct a new 2-lane roadway exit onto the George Bean Parkway from the Economy Parking Road, along with improvements to the existing exit from the Airport Service Road. It also includes widening and rehabilitation of segments of the inbound and outbound Parkway from its most southern end to around the Main Terminal Complex. The improvement were determined to be necessary per the Master Plan Update and will accommodate the increased traffic generated from the SkyCenter development located in the South Terminal Support Area.

Project Status: Notice to Proceed was issued on October 11, 2019. Work for the new Economy Parking Road exit is scheduled for completion by September 2, 2021 and the widening and rehabilitation of the George J. Bean Parkway is scheduled for completion by February 2022. Construction of the western half of the new bridge was completed on December 14, 2020 and the new bridge was opened to traffic. Drainage and road widening work for both the inbound and outbound George Bean Parkway continued, as well as drainage and road widening for the Economy Parking Road. The third inbound lane for George Bean Parkway was reopened on November 13, 2020. Three new overhead sign trusses along the Outbound Parkway were completed during this period.

#8300 20 Airside A, C, and F Restroom Renovations

Substantial Completion:January 2023Current Budget:\$21,386,000Design-Builder:The Beck GroupAirport:Tampa International

Project Description: The purpose of this project is to refurbish the boarding level public restrooms and companion restrooms at Airside C and Airside F and the ramp level at Airside A. In addition, the Airside C south restrooms will be expanded to accommodate additional needs and may also include an addition to the Airside C building required to house offices displaced by the expansion of the restrooms. This project is a planned maintenance refurbishment of these public restrooms.

Project Status: During the months of January and February, the Contractor completed installation of underground plumbing, electrical, and HVAC in the Airside A restrooms. MEP, framing, drywall, and structural steel were completed in the Airside F west restrooms.

Beck submitted the Supplement A GMP deliverable for the Airside C restrooms and the relocated Southwest Airline ticket offices located at Airside C per schedule. HCAA is actively negotiating this contract addendum, which is on schedule to be presented for approval at the April Board meeting.

#8320 19 Security System Replacement (Construction) FDOT F.M. #425920-2; AIP 03-12-0078-65-2019

Substantial Completion:June 2020Current Budget:\$15,903,300Design/Builder:The Beck GroupAirport:Tampa International

Project Description: The scope of this project is to upgrade and improve the current access control system (ACS) and video management system (VMS) to enhance and improve the overall security capabilities.

Project Status: The Design-Builder completed the Part 2 early work construction and permanently closed down the Airside Shuttle Guideways walkway platforms for daily common-use. The contractor completed all work on Part 2A consisting of installing access control system upgrades to the jet bridge doors and reached Milestone No. 1 for all work related to access control and video management systems at Airsides A, C, E, and F. The construction activities for this period included the "Go-Live" for the new Identity Management System (IDMS) system integration and installation of some additional cameras requested by Security Operations.

#8705 19 Purchase Additional SkyConnect Trains

Substantial Completion:July 2021Current Budget:\$13,168,000Consultant:Lea & Elliot

Contractor Mitsubishi Heavy Industries of America (MHIA)

Airport: Tampa International

Project Description: The scope of this project is to purchase two additional Mitsubishi APM trains (i.e., four cars) for the SkyConnect system, which are needed to provide additional capacity to support an increased passenger traffic.

Project Status: The new trains arrived on February 16, 2021. MHIA will begin the testing and commissioning process which is scheduled to take approximately four months to complete.

#8825 18 New Taxiway A and Bridge

Substantial Completion:May 2021Current Budget:\$53,725,783Consultant:AECOM

Contractor: GLF Construction
Airport: Tampa International

Project Description: The scope of this project is to design and construct a new crossfield Taxiway A from Runway 1L-19R/Taxiway V to Runway 1R-19L/Taxiway C north of and parallel to existing crossfield Taxiway B.

Project Status: Major work during this reporting period included finalizing asphalt shoulder paving and taxiway cement concrete pavement paving on Taxiway A; Phase 1A of the project. In addition, GLF continued efforts to finalize Taxiway A including the bridge expansion joints, bridge deck surface grinding to final elevation, sod install, taxiway cement concrete pavement joint sealing, airfield signage and lighting system and pavement markings. GLF anticipates that Taxiway A will open to aircraft traffic by the third week of March 2021. After which GLF will move into the final concurrent phases of the project; Phase 4 and 5, Airport Service Road Improvements and Existing Airfield Taxiway Asphalt Shoulder Seal Coating, respectively. Contractual Substantial Completion remains May 21, 2021.

#8310 19 Main Terminal Drive Lanes Ceiling Replacement

Substantial Completion: November 2022
Current Budget: \$11,757,900

Design/Builder: Hensel Phelps Construction
Airport: Tampa International

Project Description: The scope of this project is to replace the ceilings and lighting over the Main Terminal arrival and departure drive lanes and will include the addition of fire protection.

Project Status: Blue and Red Arrivals: Ceiling framing, carrier installation, and fire sprinkler lines are complete. Tech zone panels, linear metal ceiling panels, and LED fixtures are currently being installed with a projected completion date of mid-April for both drives. Blue and Red Departures: Framing has started on the crossover lane, valet area, sector P, and the fire suppression system rough-in complete in all areas.

IV. Projects Substantially Complete

#6580 19 Rehabilitate and Enhance Airfield Lighting

InitialEstimated FinalSubstantial Complete:March 3, 2020March 31, 2020

Board Approved Budget: \$1,133,500

Re-baseline Budget: \$1,416,600 \$1,226,440

 13.5%

Consultant: RS&H

Contractor: H.L. Pruitt Corp.
Airport: Tampa International

Project Description: The scope of this project is to make improvements to the existing airfield light system to conform to FAA requirements and to address FAA recommendations to improve airfield safety. Improvements include; modifications to runway threshold lights, segmented circle at the airport's primary wind cone, LED taxiway edge lights, and runway guard lights (RGL).

Project Performance: The Board approved budget was increased by \$283,100 due to the addition of 8 additional Runway Guard Lights (RGL) for Runways 1R-19L and 10-28, and additional scope required for the segmented circle scope which now includes a primary wind cone at a new location to meet FAA requirements, cost increases due to existing conditions varying from those shown in record drawings, and for additional hand hole organization scope requested by Maintenance. The estimated final costs are \$190,160 under the revised budget due to construction contingency not required and lower in-house inspection costs. The project schedule was negatively impacted due to the manufacturer of the airfield lighting control system being delayed in travelling to the airport to commission the system because of the COVID 19 pandemic.

#6590 19 Short Term Parking Garage - Level 9

Initial Estimated Final August 29, 2020 December 16, 2020

Consultant: Walker Consultants
Contractor: Concrete Protection &

Restoration

Airport: Tampa International

Project Description: The scope of this project is to rehabilitate Level 9 of the Short Term Parking Garage (STPG).

Project Performance: The board approved budget was reduced by \$406,000 due to the low bid. During the design of the project, the scope of work was reviewed and modified to fit the allowable budget. This included the removal of work on the tug tunnels and the addition of the complete replacement of the expansion joints and a small section of the adjacent concrete slab on the 9th level. This work increased the design and construction schedule but ultimately was still within the project budget. The estimated final costs are expected to be \$101,200 due to unused construction contingency and lower in-house inspection.

#6635 19 General Aviation Maintenance Rehabilitation

FDOT FM #435235-1; 435239-1; 435236-1

Contractor: Reno Building, LLC

Airport: Peter O. Knight, Tampa Executive

and Plant City

Project Description: The scope of this project included general rehabilitation (paint, electrical, roofing, structural repairs) of maintenance facility buildings No. 4800 at Plant City Airport (PCA) and No. 5600 at Peter O. Knight Airport (TPF). The work at TPF also included construction of a new IT equipment building.

Project Performance: The Board approved budget was increased by \$346,800 due to negotiated design services and higher bids. The final estimated costs are expected to be lower by \$66,523 due to lower in-house costs and final change order for construction and not using the construction contingency. The schedule was longer because the initial schedule did not include 3 separate permitting packages, and longer to plan for the location of the IT building.

#6645 19 Hangar 4000/E Rehabilitation

<u>Initial</u> **Estimated Final** Substantial Completion: January 8, 2020 November 20, 2020

Board Approved Budget: \$807,400 Revised Budget: \$949,800 \$881,200 Design Amendments: n/a n/a Design D/W/MBE: 9.5%

9.3%

Consultant: RS&H

Contractor: **Odyssey Global** Peter O. Knight Airport:

Project Description: The scope of this project is to rehabilitate hangar 4000/E. Improvements consist of repair of cracks in the concrete hangar slabs, cleaning, priming, painting and repair of wall panels, removal of existing gypsum wallboard in the storage rooms, replacement of existing doors and all electrical light fixtures, outlets and conduits and installation of new electrical fixtures and outlets in the open hangar. Also included, is the replacement of the roof, which includes approximately 19,000 square feet of metal roof panels and the removal, reinstallation, and certification of the lightning protection system.

75.5%

Project Status: The Board approved budget was increased by \$142,400 due to the bids being over the engineer's estimate. The final estimated costs are expected to be approximately \$68,600 under the revised budget due to the final change order for construction and not using the construction contingency.

#6705 20 ARFF 1988 T1500 Vehicle Replacement

<u>Initial</u>

Estimated Final November 16, 2020

Substantial Complete: October 16, 2020 Board Approved Budget:

\$1,100.000

Re-baseline Budget: NA \$993,973

Manufacturer: Oshkosh Contractor: NA

Tampa International Airport:

Project Description: The purpose of this project is to replace existing ARFF No. 5 vehicle that is beyond its useful life, which was purchased in 1988.

Project Status: The final costs were about \$106,027 under budget due to a higher estimate used initially. The delivery of the truck was delayed a month due to a plant slowdown caused by the pandemic.

Design-Builder Skanska

Airport: Tampa International Airport

Project Description: The scope of this project is to expand the transfer level, relocate the Main Terminal shuttle lobbies, replace all escalators in the Main Terminal, refurbish interior finishes, replace signage in the Main Terminal, and reconfigure all concessions spaces throughout the airport.

Project Performance: The Board approved budget was increased by \$8,803,410 due to changes in the negotiated GMP driven by the addition of scope to the project through the evolution of design. Changes include:

- Additional IT Owner Furnished Equipment beyond original estimate
- Additional/Updated Owner procured furnishings
- Updated costs for internal staffing due to extension of substantial completion
- Guest services representatives required during duration of Main Terminal Construction

The final estimated costs are an additional \$25,356,377 above the re-baselined budget of \$131,303,410 for the following reasons:

- Adding passenger use power pylons to all airsides
- Additional Part 2 Design funding due to complexity of concessions designs
- Standing seam Metal Roof East and West Expansions
- Tower Crane temporary power requirements/Utilization
- Mediated settlement of disputes between Owner and Contractor
- Owner's Allowance utilizations to add necessary scope items
- Various Change Orders to Contractor closing potential claim items
- Event space upgrades (Shades and Video Wall)
- Shuttle Walls LED signage/Meeter Greeter LED Signage and Entry Kiosks
- Planned Signage Updates to Main Terminal
- OCIP Premium update
- Additional Guest Service Representatives beyond re-baseline budget update

The project schedule was extended by nearly 12 months due to the added work elements, overall complexity and requirements to maintain acceptable levels of customer service during construction.
