Dear Community Noise Forum Participant,

For the better part of the last year, we've been sharing at our bi-monthly Community Noise Forum meetings that there will be two prolonged closures of each of our primary runways beginning early next year.

The Airport's east runway, Runway 1R-19L, is currently expected to close continuously beginning January 5, 2022 through February 18, 2022. During this time, the majority of aircraft will use the Airport's west runway.

The Airport's west runway, Runway 1L-19R, is currently expected to close continuously beginning April 20, 2022 through June 3, 2022. During this time, the majority of aircraft will use the Airport's east runway.

Both closures are necessary to accommodate FAA-required grading and drainage improvements on each runway end as well as other runway maintenance projects that will be incorporated while each primary runway is closed.

Thank you.

Sincerely,

A handwritten signature in blue ink, appearing to read "Adam Bouchard".

Adam Bouchard
Vice President of Operations
