G. APPROVAL OF THE CONSENT AGENDA

Meeting: Oct 5, 2017 - Aviation Authority Regular Board Meeting

Access: Public

Type: Action (Consent)

Background:

Airports Council International-North America (ACI-NA) holds an Annual Conference and Exhibition (Annual Conference) for the education of its membership. The Authority previously served as the Host for the 2003 Annual Conference and is looking to serve as the Host for the 2019 Annual Conference.

A request for proposals was previously issued by ACI-NA seeking hosts for their 2019, 2020, and 2022 Annual Conferences. Responses to the request for proposals were due no later than March 10, 2017, with an anticipated decision date of December 31, 2017. The economic impact of the Annual Conference for a host city is approximately $5,000,000, which includes lodging, dining, transportation, souvenirs, and exhibitor-hosted receptions and parties.

As Host of the 2019 Conference, Authority responsibilities would include, but are not limited to, providing a Host exhibition booth, providing staff and volunteer support, partial sponsorship of the 2018 Annual Conference closing night reception, and sponsorship of the 2019 Annual Conference closing night event.

Authority Policy P410 authorizes sole source purchases when no other authorized vendor can supply the required equipment, materials, supplies or services.

Proposal:

Authorize the Chief Executive Officer to execute an Agreement with ACI-NA to Host the ACI-NA 2019 Annual Conference upon ACI-NA’s acceptance of Tampa International Airport’s proposal to serve as the 2019 Annual Conference Host. The total not-to-exceed amount for all Host-related expenses is $900,000.

Funding:

This item will be included in the FY2019 O&M budget.

Recommendation:

Management recommends adoption of Resolution No. 2017-89.

Resolution:

Resolution No. 2017-89 approves and authorizes execution by the Chief Executive Officer of an Agreement to Host the Airports Council International-North America 2019 Annual Conference and Exhibition at Tampa International Airport with Airports Council International-North America; approves the expenditure of $900,000 for Host-related expenses; and authorizes the Chief Executive Officer or his designee to execute all other ancillary documents.

Background:

On August 7, 2013, the Authority issued a Request for Qualifications for the competitive procurement of a Design-Builder for HCAA Project Nos. 1100 13, 1105 14 & 8700 14, Consolidated Rental Car Facility and Automated People Mover. These Projects include all necessary design and construction for the Consolidated Rental Car Facility and Automated People Mover infrastructure at Tampa International Airport. On March 6, 2014, Austin Commercial, L.P. was awarded a Part 1 Design-Build Agreement for the design of the Projects. Gresham Smith and Partners provided architectural and engineering services for the Part 1 Design-Build Agreement and is the designer of record. On November 6, 2014, Austin Commercial, L.P. was awarded a Part 2 Contract and on May 7, 2015 was awarded a Part 2 Supplemental Contract for the construction of the Projects. Included in the Part 2 Contract was the design and construction of two related projects, the relocation of the Commercial Ground Transportation Facility and the renovation of the Main Terminal West Side Ground Transportation Hold Area. At the completion of the 100% design of these two related projects, the Authority elected not to proceed with the design-build construction of these projects by Austin Commercial, L.P. It is the Authority’s desire to revise the delivery method for the two related Projects by proceeding with the construction through a competitively procured Invitation to Bid.

On August 16, 2017, the Authority advertised a Notice of Intent to Negotiate and Award a Design Professional Contract with the competitively selected designer of record, Gresham Smith and Partners, for design professional services during the Invitation to Bid process and for construction administration services during construction. No responses were received to the Notice of Intent. Pursuant to the Notice of Intent, negotiations began on August 28, 2017.

Proposal:

This item awards a Contract for Design Professional Services to Gresham Smith and Partners to provide for design professional services, including construction administration services, and allows for direct and reimbursable expenses, in the not-to-exceed amount of $481,320. For design and construction administration services, a W/MBE goal for the Commercial Ground Transportation Facility of 28.9% and a W/MBE goal for the Main Terminal West Side Ground Transportation Hold Area of 21.4% of the amounts earned for each project will be incorporated into this Contract.

Funding:

This item is included in the Capital Budget.

Recommendation:

Management recommends adoption of Resolution No. 2017-84.
Resolution:

Resolution No. 2017-84 authorizes execution of the Contract for Design Professional Services for Commercial Ground Transportation Facility and the Main Terminal West Side Ground Transportation Hold Area, HCAA Project Nos. 5525 16 and 8700 14, at Tampa International Airport with Gresham Smith and Partners; and authorizes the Chief Executive Officer or his designee to execute all other ancillary documents.

Skanska presented this information to the Authority on November 28, 2016. During this meeting, the Authority advised Skanska that it would consider these changes in the Work and increase the GMP contingent on Skanska providing all necessary backup documentation to support the additional scope and costs. All costs submitted by Skanska for these items were paid by the Authority through the normal pay application process. Skanska reduced their contingency accordingly.

On August 23, 2017, Skanska submitted all the necessary backup scope and cost information, totaling $2,916,319.00, for the items identified on November 22, 2016. Skanska presented this information to the Authority on August 30, 2017 in accordance with the dispute resolution process identified in the Part 2 Contract.

The items presented are as follows:

1. Temporary Roof E/W expansion. Skanska cost proposed: $714,641, Change Order amount: $0.
7. Resequencing of ATC cabinet at Airside F and underutilization of the west side tower crane. Skanska cost proposed: $252,357, Change Order amount: $50,000

The Authority and Skanska negotiated a Change Order in the amount of $1,850,000 with no time extension for the changes in Work items listed above. As part of this negotiation, Skanska agreed to remove their fee, general conditions and general requirements and other Work elements that the Authority deemed not to be changes in the Work.

The Authority must administer the contract in good faith and deal fairly with Skanska and, pursuant to Article 8.1.2, the Authority is waiving the contract provisions which would preclude payment for the above-listed changes in the Work. Both parties reserve all rights with respect to Contract Time as they exist at the time of this Change Order No.12. As a result, via this Change Order No. 12, the Authority has agreed to waive the requirement in the Part 2 Contract that prior authorization be issued before payment can be made for changes in the Work. This Change Order also includes $200,000 to offset potential dispute resolution costs. Management believes that the Change Order amount of $1,850,000.00 is fair and reasonable.
