Hillsborough County Aviation Authority

Fiscal Year 2020 Budget Message

“Preparing For Continued Growth and Upcoming Change”

The Hillsborough County Aviation Authority delivered a third consecutive year of record passenger traffic and revenues in FY2019. The budget for FY2020 carries that trend forward, continuing to grow passengers and revenues while keeping expenses contained.

FY2020 will be a year of growth and transformation, as the Aviation Authority capitalizes on expanded domestic and international air service and the continued evolution of ground transportation, benefits from a fully-implemented concessions program and embarks on construction of Master Plan Phase 2 projects and preparation for Master Plan Phase 3.

The FY2020 budget projects a 4.4% increase in enplanements, with the Authority expecting to handle more than 23.3 million total passengers during the fiscal year. Total projected revenues are \$269.5 million for FY2020, approximately \$2 million higher than FY2019, but more than \$28 million, or 12% higher than FY2018. Gross operating expenses are projected to total \$151.3 million during FY2020, a modest 4.6% increase, with \$5.4 million of that funded by CFC revenues. Senior lien debt service will total \$53.8 million in FY2020, continuing the Authority’s ongoing plan to gradually increase annual debt payments as we prepare for a future debt issuance tentatively scheduled for October 2021 to fund the majority of Master Plan Phase 3. The Authority is projecting an airline cost per enplanement of \$5.15 for FY2020, maintaining the airport’s position as one of the lowest cost and financially strong airports in North America.

Budget Approval

The FY2020 Budget is presented at a level of detail that is relevant for the various stakeholders of Tampa International Airport. The Authority Board adoption of the FY2020 Budget effectively approves the Budget in three major categories: Operating Expenses, Capital Development Programs and Debt Service. The Capital Development Program includes capital projects and equipment for FY2020 as well as on-going capital approved in prior years. A Budget amendment would be required if total expenditures under any of the major categories listed exceeds or is expected to exceed the Board approved budgeted total. Additional information regarding these major categories is included in the Operating Expense, Capital Development Programs and Debt Service sections within this Budget Message.

Passenger Activity

Tampa’s passenger levels continue to increase due to the continued strengthening of the local, state and national economies, with monthly year-over-year increases of up to 9.4% versus FY2018. The full-year projection of 11,148,863 enplanements will break the all-time record of 10,519,247 set in FY2018 and represents a 6.0% increase versus the full year ending FY2018.

For FY2020, the Aviation Authority projects 11,634,100 passenger enplanements, an increase of 4.4% versus FY2019. The passenger enplanement projections are based on future airline schedules combined with historical carrier performance. FY2020 will mark the tenth consecutive year of positive growth in passenger activity.

A summary of passenger enplanements since FY2014 is shown below:

Fiscal Year	Enplanements	% Change
2014 Actual	8,673,747	2.1%
2015 Actual	9,263,336	6.8%
2016 Actual	9,485,879	2.4%
2017 Actual	9,638,070	1.6%
2018 Actual	10,519,247	9.1%
2019 Budget	10,846,240	3.1%
2019 Projected	11,148,863	6.0%
2020 Budget	11,634,100	4.4%
2020 Budget vs. 2014	2,960,353	34.1%

Operating Revenues

As a user fee airport, TPA’s operating revenues, detailed in Schedule 2, are strictly generated from all users of the airport and are divided into airline revenues, which include airline fees and charges; non-airline revenues such as food and beverage concessions, general merchandise concessions, car rental concessions, parking, space rentals, general aviation, cargo and other rentals; and other revenues. Operating revenues also include interest income earnings and reimbursements from the Transportation Security Administration for law enforcement coverage at the airside. The airport receives no federal, state or local tax funding for operations.

TPA’s airline revenues are projected to be 23.5% of total Operating Revenues during FY2020. More details regarding airline revenues are provided under the section “Airline Revenues, Rates & Charges” of this Budget Message.

Under the Authority’s Trust Agreement, operating revenues may be used for operating and maintenance expenses, debt service and required reserves. Funds remaining after these uses are applied to the Authority’s capital development program.

The Authority is projected to generate total operating revenues of \$269.5 million during FY2020, an increase of \$10.5 million versus the FY2019 Budget. An additional \$45.5 million in non-operating revenues will be generated by Customer Facility Charges (CFCs) and Transportation Facility Charges (TFCs). These funds will be utilized for debt service on the stand-alone CFC backed bonds issued to fund construction of the Rental Car Center and a portion of the SkyConnect automated people mover (APM), offsets to certain APM and other expenses, and to fund future rental car facilities development. Under the Passenger Facility Charge (PFC) program, TPA will receive an estimated \$45.2 million in FY2020. These funds are used for PFC-related debt service and capital projects.

A summary of operating revenues since FY2014 is shown below:

Fiscal Year	Operating Revenues	\$ Increase (Decrease)	% Change
2014 Actual	\$197,216,140	\$12,915,716	7.0%
2015 Actual	\$206,083,716	\$8,867,576	4.5%
2016 Actual	\$212,903,576	\$6,819,860	3.3%
2017 Actual	\$215,893,445	\$2,989,869	1.4%
2018 Actual	\$240,572,739	\$24,679,294	11.4%
2019 Budget	\$258,998,997	\$18,743,326	7.7%
2019 Projected	\$267,664,668	\$27,091,929	11.3%
2020 Budget	\$269,529,173	\$1,864,505	0.7%
2020 Budget vs. 2014	\$269,529,173	\$72,313,033	36.7%

FY2019 Projected Operating Revenues – FY2019 operating revenues are projected to total approximately \$267.7 million, finishing the year \$27 million higher than FY2018, and approximately \$8.7 million higher than the FY2019 Budget. This success can be primarily attributed to increased passenger traffic, as well as a diversified revenue base, which has seen solid parking and ground transportation performance, airline revenue growth, increased cargo complex activity and rentals, and increases in interest income. Detailed financial performance includes the following:

- FY2019 Parking and Ground Transportation revenues are projected to total \$77.4 million or \$1.5 million over budget, primarily due to higher than forecasted Transportation Network Company (TNC) traffic as well as growth in the Economy and Short-Term parking products.
- Rental Car revenues are projected to finish \$2.5 million below the FY2019 budget, but \$1.4 million higher than FY2018 finishing the year at \$43.5 million as a result of an increase in the daily rate combined with enplanement growth.

- Passenger Airline Revenues are projected to be \$73.6 million, or \$2 million over budget, as a result of increased passengers and operations.
- Cargo complex revenues are projected to be \$376,000 over budget due to the continued growth by all cargo carriers.
- Airfield and Flight Kitchen concessions are projected to be \$506,000 over budget due to continued growth in international operations as well as the number of ground handlers supporting the non-signatory operators at the airport.
- Interest income is projected to increase \$6.4 million, or 65.1% higher than budget as a result of the Authority's surplus funds investment strategy and the pace of spending bond funds received in November 2018.

FY2020 Budgeted Operating Revenues – Growth in Concessions, Rental Cars, Ground Transportation, and Cargo is expected to drive much of the incremental revenue growth during FY2020. Overall, the FY2020 revenue total of \$269.5 million represents a \$72.3 million or a 36.7% increase versus FY2014. Specific revenue highlights of the FY2020 Budget include:

- Rental Cars are budgeted to increase by \$2.0 million or 4.7% versus FY2019 as a result of passenger growth.
- Parking & Ground Transportation Revenues are budgeted to exceed \$80 million for the first time, reaching \$81.0 million, or a \$3.6 million increase over FY2019. Parking revenue alone is budgeted to increase by \$2.2 million, or 3.1%, with strong results across all garages. Ground Transportation revenue will increase by \$1.5 million, primarily as a result of the increase in the per-trip pickup fee to \$5.00 for TNCs.
- The Food & Beverage & Retail Merchandise concessions will continue to grow due to the increase in passenger traffic, up \$1.5 million versus FY2019 to \$28.9 million.
- Interest Income will be down an estimated \$8.6 million versus FY2019 to \$7.6 million in FY2020 as a result of the bond funds being used for the ongoing Master Plan projects. Despite this decrease year-over-year, the FY20 budget is well above the historical interest income averages as the Authority will continue to invest a higher portion of Authority Surplus Funds.

Operating Expenses

Approval of the Budget by the Board provides management the ability to effectively manage operating expenses on a day-to-day basis, while ensuring that expenses are not in excess of the total budgeted amount. Operating expenses, detailed in Schedule 3, include salaries and benefits, contracted services, contractual maintenance, supplies and materials, utilities, insurance and other expenses. Salaries and benefits, or other expenditures directly associated with capital construction are capitalized when projects are substantially complete and placed in

service. As the organization embarks on Phase 2 of the Master Plan and prepares for Phase 3, it is essential to ensure appropriate resources are in place to support a program of this magnitude. All departments have fully evaluated these factors and on-going operational needs, taking customer service and future organizational goals into account. The following sections more fully discuss these areas of the budget.

A summary of net operating expenses since FY2014 is presented below:

Fiscal Year	Net Operating Expenses	\$ Increase (Decrease)	% Change
2014 Actual	\$100,156,480	\$5,985,180	6.4%
2015 Actual	\$106,220,899	\$6,064,419	6.1%
2016 Actual	\$112,848,544	\$6,627,645	6.2%
2017 Actual	\$117,345,203	\$4,355,699	3.9%
2018 Actual	\$131,338,599	\$13,993,396	11.9%
2019 Budget	\$145,398,241	\$13,714,571	10.7%
2019 Projected	\$144,634,153 *	\$13,295,554 *	10.1%
2020 Budget	\$151,314,480 **	\$6,680,327 **	4.6%
2020 Budget vs. 2014	\$151,314,480	\$ 51,158,000	51.1%

*\$4.9 million funded from CFC revenues will offset a portion of APM and rental car center expenses in FY2019

**\$5.4 million funded from CFC revenues will offset a portion of APM and rental car center expenses in FY2020

FY2019 Projected Operating Expenses – Overall, the Authority expects to end FY2019 \$1.1 million or 0.8% under the FY2019 Budget. The major expense variance drivers are shown below.

- Salaries and benefits are projected total \$74.8 million, slightly under the FY2019 Budget of \$75.4 million due to a higher-than-average vacancy rate. Overtime is projected at \$231,000 over the FY2019 budget, with the majority of this due to existing staff covering unfilled vacancies. Group health insurance is anticipated to come in under the FY2019 budget by \$778,000 due to a variety of factors including higher vacancies and a rate adjustment that decreases the employer contribution.
- Contracted Services expenses are expected to come in \$595,000 over the FY2019 budget. Within this category, Airport Engineering and Insurance consultants projected costs will exceed the FY2019 budget due to the expensing of several CIP projects with a value of \$560,000 that were initially budgeted to be capitalized. The RCC baggage and passenger services are also projected to exceed the FY2019 budget by \$305,000.

- Contractual Maintenance expenses are projected to come in \$1.7 million under the budget, largely attributable to a decrease in janitorial costs. The janitorial forecast was reduced \$776,000 for the second half of the fiscal year due to the reevaluation of the Main Terminal square footage. Also, the office equipment maintenance and software maintenance are projected to come in below the FY2019 budget by \$268,000 and \$259,000 respectively.
- Supplies and Materials are projected to total \$4.3 million for FY2019, about \$51,000 under the FY2019 Budget. The majority of the decrease is due to moving the baggage scanner replacement project to FY2020 in the outsourced repair account. Fuel expenses are expected to finish FY2019 approximately \$12k below budget.
- The Authority's FY2019 utility expenses are expected to finish the fiscal year \$469,000 below the \$14.4 million budget. A combination of rate and consumption reduction is driving electricity down \$453,000 versus the FY2019 budget, which more than offsets an estimated \$80,000 increase in natural gas expenses.
- Insurance premiums will be flat to the FY2019 Budget, coming in \$13,000 lower than anticipated. Total insurance expense for FY2019 is estimated at \$3.6 million.
- In Other Expenses, promotions were budgeted at \$1.8 million for FY2019. We are currently projecting to end FY2019 at \$929,000 over budget largely due to charges associated with hosting several national industry conferences. The additional costs in promotions, along with increases in cloud information services will be partially offset by favorable trends in travel and working meals. Overall, the Other Expenses category is projected to end the year \$1.2 million over budget.

FY2020 Budgeted Operating Expenses – Overall operating expenses are expected to total \$151.3 million for FY2020, an increase of \$6.7 million, or 4.6% compared to FY2019. The Authority will offset \$5.4 million of that amount by using CFCs for the SkyConnect and rental car center expenses. The expenses for the operation of the rental car center are the sole responsibility of the rental car companies. Under the agreement with the rental car companies, the Authority will maintain the public circulation areas, including lobbies, elevators, escalators and restrooms at the rental car companies' expense and provide services for the remote bag check operation. These expenses are recovered through a combination of CFCs and revenues received from the rental car companies. Also under the agreement with the rental car companies, 40% of the operating expenses of the SkyConnect are funded from CFCs. The following section provides highlights and discussion of significant increases and notable items in the FY2020 budgeted operating expenses:

- Salaries and Benefits are budgeted to total \$77.7 million during FY2020, \$2.9 million more than FY2019 projections. The Authority anticipates a variable merit-based pay increase averaging 3.5% going into effect in January 2020. The merit increase and a 0.5% allowance for unplanned salary adjustments will total approximately \$2.3 million. The self-insured group medical plan will increase \$242,000 versus FY2019, and will be partially offset by a

decrease in planned overtime of \$235,000. The other expense variance within this category relates to an increase in Florida Retirement Service (FRS) expenses. This increase is due to filling vacancies, higher salary and wages, and changes in rates, which are set by the State Legislature. The average rate increase for FRS is 2.5% and is approximately \$140,000 of the overall of \$263,000 increase. Additional details and more information regarding salaries and benefits are included in Schedule 5 of this budget document.

- Contracted Services are budgeted to increase by \$810,000 versus FY2019 projections, totaling \$22.1 million. Variances in specific contracted services are listed below:
 - “Other Services” are budgeted to increase \$443,000 with the addition of personnel to manage passenger flow at the SkyConnect station, oversight of the SkyConnect system, and customer satisfaction surveys and loyalty programs.
 - Costs related to the Authority’s public parking operations are budgeted to be \$234,000 higher than the FY2019 projection. Additional resources needed for parking facility maintenance will also serve as back-up passenger shuttle transfer drivers in the event of an interruption in SkyConnect service.
- Contractual Maintenance is estimated to total \$26.3 million during FY2020. Total expenses in this category will increase by \$1.6 million or 6.8% over FY2019 primarily due to contractual increases of between 2% and 3.5%. Primary variances within this category include:
 - A \$346,000 increase in non-SkyConnect or Rental Car Center janitorial expenses due to passenger traffic growth and a 2% contractual increase.
 - SkyConnect maintenance is budgeted to increase by \$352,000 versus the FY2019 projection due to contractual rate increases.
- Supplies & Materials are projected to total \$4.5 million in FY2020, an increase of \$192,000 over FY2019. The increase is due mainly to an increase in lighting for the \$150,000 LED signage project in electrical supplies.
- Utilities are budgeted at \$14.7 million during FY2020, which represents a \$782,000 or 5.6% increase over FY2019. This is mainly due to an anticipated rate increase of 4% in electricity, estimated at \$604,000.
- Insurance is estimated to total \$3.9 million during FY2020, which is a \$371,000 or 10.4% more than FY2019. The increase is primarily due to general market conditions for property insurance in the Tampa Bay area.
- “Other Expenses” are projected to increase by \$64,000 or 1.0% compared to FY2019 projections. Cloud information service expenses are increasing \$577,000 with the implementation of several online applications and a \$600,000 contingency for unplanned

expenses during Master Plan Phase 2 construction. These costs are offset by the \$1.0 million decrease in the promotions account mainly due to the national industry conferences hosted in FY2019.

- O&M costs assigned to projects in the FY2020 Budget are projected to increase by \$140,000 to \$4.8 million, primarily due to the overall increase in Salaries and Benefits. These costs are capitalized along with the associated capital project to which they are related.

Capital Development Program

The Authority's capital development program, detailed on Schedule 6, is funded through a variety of sources including Federal Airport Improvement Program grants, Florida Department of Transportation grants, Bond or Bank Note Proceeds, and Authority funds. Authority funds available for capital improvements, equipment and reserves are the amounts remaining after the payment of operating expenses, debt service and revenue sharing. Capital funding source mixes are estimated for budgeting purposes and may change as projects commence.

The Capital Budget for FY2020 totals \$123.6 million, with \$35.2 million coming from Authority funds. Projects in the FY2020 Budget include on-going annual capital needs, such as the replacement or upgrade of various systems, rehabilitation of structures, as well as various initiatives at the general aviation facilities. The FY2020 Capital Budget is comprised of the following projects:

- Monorail System Decommissioning and Moving Walkway Installation - \$33.5 million
- North RON Parking - \$23.1 million
- Airside C & F Restroom Renovations and Expansion - \$21.4 million
- Airside F Roof Rehabilitation (Construction) - \$17.3 million
- RW 5/23 & Connector Taxiway Rehabilitation (VDF) - \$9.2 million
- LTPG Elevator Rehabilitation - \$4.8 million
- Financial/HCM/Engineered System -Major Upgrade/Replacement - \$2.9 million
- Runway 1R-19L Centerline Light Replacement - \$2.6 million
- Airfield Pavement Rehabilitation - \$2.5 million
- Baggage Claim Level Carpet Replacement - \$1.5 million
- FY ITS Commodity Purchases - \$1.5 million
- Replace ARFF 5 - \$1.1 million
- Baggage Claim Video Walls Technology Refresh - \$700k
- VDF Master Plan Update - \$650k
- Carpet Replacement for Shuttles and STPG Elevator Lobbies - \$145k
- Maintenance and Tenant Contingency - \$363k
- Airside E Airline and TSA Space Rehabilitation - \$194k

The estimated sources of funding for the FY2020 Capital Budget are shown below:

Funding Source	Amount
Federal Airport Improvement Program Grants	\$7,333,417
Florida Department of Transportation Grants	\$12,949,560
Bank Note/Bonds	\$68,057,345
Authority Funds from Operations	\$35,232,478
Total	\$123,572,800

Debt, Debt Service and Debt Service Coverage

As shown in detail on Schedule 8 and in summary on Schedule 1, debt service on the Authority’s outstanding long-term bonds and bank note will be met and the provisions of the Trust Agreement will be satisfied. Debt service paid from operating revenues will total \$52.3 million for FY2019 and \$53.9 million for FY2020.

In October 2018 the Authority issued \$301.0 million and \$102.5 million of new senior and subordinated lien bonds, respectively. The senior lien bonds will be repaid from Authority revenues and the subordinated lien bonds will be repaid from the collection of PFCs. The purpose of these two issuances was to provide funding for a number of projects included in the Master Plan Phase 2 as well as several projects in the annual capital program. The Authority’s short-term bank note commitment with SunTrust Bank will continue to be utilized as interim financing before the issuance of long-term debt and may also be an alternate or interim funding source for projects shown on Schedule 6. Management will continue to update the Board during FY2019 and FY2020 regarding the financing plan for this series of projects.

Senior debt service coverage, which under existing bond covenants is required to be maintained at a minimum of 1.25x, is projected at 2.12x for FY2020. Subordinated debt service coverage, required at 1.25x, is projected at 3.85x for FY2020.

Fiscal Year	Senior Coverage	Subordinated Coverage
Requirement	1.25x	1.25x
2014 Actual	1.86x	3.78x
2015 Actual	1.89x	3.66x
2016 Actual	2.37x	4.19x
2017 Actual	2.24x	5.59x
2018 Actual	2.08x	6.06x
2019 Budget	2.00x	3.56x
2019 Projected	2.23x	4.05x
2020 Budget	2.12x	3.85x

Authority Contribution to Capital and Reserves / Authority Bottom Line

During FY2020, the Authority will continue its efforts to maximize its bottom line performance, focusing on strengthening its financial results from annual operations, as well as its long-term financial health. The Authority is projecting to generate \$53.5 million towards its annual capital program and reserves during the FY2020 fiscal year. After funding the Authority portion of the FY2020 annual capital program and capital equipment, the Authority expects to deposit \$15.2 million into reserves at the end of FY2020.

Fiscal Year	Funds Available	\$ Increase (Decrease)	% Change
2014 Actual	\$33,916,844	\$3,398,323	11.1%
2015 Actual	\$37,528,653	\$3,611,809	10.6%
2016 Actual	\$38,994,607	\$1,465,954	3.9%
2017 Actual	\$37,177,394	(\$1,817,213)	-4.7%
2018 Actual	\$46,331,564	\$9,154,170	24.6%
2019 Budget	\$49,056,105	\$3,209,271	5.9%
2019 Projected	\$56,405,616	\$10,074,052	21.7%
2020 Budget	\$53,469,713	(\$2,935,903)	-5.2%
2020 Budget vs. 2014		\$19,552,869	57.6%

Airline Revenues, Rates & Charges

A component of Authority revenues includes revenues received from airlines operating at the airport. Rates and fees to the airlines are established in accordance with the methodology in the Airline-Airport Use and Lease Agreement.

The table below shows airlines fees and charges, revenue sharing and net charges to the airlines since FY2014. An additional 5% in revenue sharing is paid out under the terms of the Signatory Agreement on net remaining revenues that exceed \$35 million.

Fiscal Year	Total Airline Fees & Charges	Revenue Sharing	Net Airline Fees & Charges
2014 Actual	\$54,414,624	(\$9,012,420)	\$45,402,204
2015 Actual	\$58,703,721	(\$9,975,336)	\$48,728,385
2016 Actual	\$57,453,696	(\$9,866,864)	\$47,586,832
2017 Actual	\$60,036,920	(\$8,840,961)	\$51,195,959
2018 Actual	\$64,458,690	(\$9,577,566)	\$54,881,124
2019 Budget	\$69,165,898	(\$13,316,266)	\$55,849,632
2019 Projected	\$71,282,237	(\$15,816,129)	\$54,391,827
2020 Budget	\$74,471,490	(\$14,581,659)	\$59,889,831

The following table shows the cost per enplanement and airline fees as a percent of all revenues, net of revenue sharing, at the airport since FY2014:

Fiscal Year	Cost per Enplanement	Airline Fees as a % of Total Revenue
2014 Actual	\$5.23	24.4%
2015 Actual	\$5.26	24.9%
2016 Actual	\$5.02	23.6%
2017 Actual	\$5.31	25.0%
2018 Actual	\$4.89	22.5%
2019 Budget	\$5.15	22.7%
2019 Projected	\$4.89	21.9%
2020 Budget	\$5.15	23.5%

On July 25, 2019, the signatory airlines serving Tampa International Airport met with the Authority staff to review the FY2020 Budget and the following signatory rates:

Description	Amount
Average terminal rental rate per square foot	\$157.57
Average airside rental rate per square foot	\$104.37
Landing fee rate per 1,000 lbs. of certified landing weight	\$1.584
