Monthly Noise Report:

Airfield:

- A large section of Taxiway W, the primary taxiway adjacent to the Airport's west runway, was closed on April 12. The first phase of this taxiway project, which is replacing asphalt with concrete, is expected to be completed in September 2018.
- As a result of the current Taxiway W construction project, there is an increase in the use of the Airport's east runway (Runway 1R/19L) for arriving aircraft in South Flow operations and an increase in departing aircraft in North Flow operations.
- Several runway closures were required of both parallel runways for multiple maintenance tasks throughout July. Approximately 70% of all runway use deviations for the month were a result of the preferred Noise Abatement runway being unavailable.

Community Outreach:

- A Noise Abatement 101 was held on July 2, 2018 in Carrollwood.
- Two CNC meetings were held on July 12, 2018.
- The next set of CNC meetings are scheduled for Thursday, September 13, 2018 from 9:30 a.m. until 10:30 a.m. and again from 5:30 p.m. until 6:30 p.m.
